## SECRETARY THINKS YUGOSLAVIA WILL SIGN FOR PEACE

BY JOSEPH C. DYNAN

Paris, Oct. 16 (AP)—U. S. Secretary of State James F. Byrnes left the scene of the 11-week Paris Peace Conference for home today predicting that Yugoslavia eventually will sign the peace treaty with Italy and announcing that he will make a broadcast to the American nation Friday night.

The Secretary of State, accompanied by Mrs. Byrnes, Senator Arthur H. Vandenberg and Mrs. Vandenberg, and Mr. and Mrs. Charles E. Bohlen, flew in President Truman's plane, the "Sacred Cow" from Orly airfield at 3:57 p. m. (8:57 a. m., Central standard time) expecting to arrive in Washington at 8 a. m. Central standard time, Thursday.

His broadcast Friday night, he said, will be a report to the nation on the peace conference where the treaties with Italy, Romania, Hungary, Bulgaria and Finland were written for the final approval of the four foreign ministers of the United States, Russia, Britain and France. The speech will discuss current United States-Russian relations, he added.

**Fishbowl Diplomacy Works**  
In a jovial mood, Byrnes greeted some 300 correspondents at a farewell news conference with the remark "Well, boys it looks like school's out."

He told them he believed Yugoslav leaders upon reflection would realize that no one power could make the peace and would eventually bow to the opinions of the other 20 members of the peace conference, despite the threat of Yugoslav delegates to withhold their signatures from the Italian treaty.

He said he could understand how some statesmen would be disappointed that their views had not been adopted, but he remarked that by the time the foreign ministers council meets in New York on Nov. 4 the Yugoslavs might be in a different frame of mind.

He said he was still in favor of the new method of diplomacy in a fishbowl, with the world press admitted to all committee meetings, despite instances where the publicity might have exaggerated some differences.

This method, he said, has permitted the people to learn directly how decisions were made and to compare to a certain extent various viewpoints.

## Former RAF Pilot Hanged For Murder Of Pretty Women

London, Oct. 16 (AP)—Neville George Cleverly Heath, 29 year old former RAF pilot who had pleaded insanity in what the newspapers called Britain's crime of the century, was hanged at Pentonville prison early today for the murder of two pretty women.

Heath was convicted of the mutilation slaying of movie extra Margery Gardner, whose lacerated body was found in his hotel room in London last June 21. Her nude body had been bitten, lashed and mutilated with a poker-like instrument.

He also had admitted the sadistic killing of Doreen Marshall at the seaside resort of Bournemouth, where her mutilated body was found two weeks later.

## Dreamboat Claims No Record In Fast Atlantic Crossing

Washington, Oct. 16 (AP)—The flight of the Pacusan Dreamboat today from Paris to Westover Field, Mass., in slightly less than 12½ hours was not claimed as a record by the Army Air Forces, which noted that faster Trans-Atlantic crossings had been made.

A record time of seven hours one minute for a trip from Shannon, Erie to Gander, Newfoundland was claimed this week for a Transworld Airline Constellation airliner.

From Paris to Westover Field no previous flight times have been recorded, officials said. For the earlier West-East flight, the time of 20 hours 29 minutes made in 1937 by Henry T. Merrill and John S. Lamb still is booked as a record by the National Aeronautics Association. This flight was from New York to London.

Col. C. S. Irvine of St. Paul, Neb., called his flight "routine except for one mild front three hours out with a lot of electrical stuff in it so that we lost all our radio equipment that was turned on."

The navigator, Major N. P. Hays of Seneca, Mo., reported that the Atlantic hop was made at 20,000 feet at an air speed of 305 to 307 miles per hour.

Asked about the trans-Atlantic speed record, claimed by TWA for a Paris-New York run of 14 hours and 39 minutes a year ago, Col. Irvine said:

"I made no attempt to make a record. I wouldn't be interested in a record to Westover."

The Dreamboat took off from Orly field in Paris at 9:38 a. m. (2:38 a. m. CST) and navigator Hays said official landing time was 9:33 p. m. (CST).

Flight officials said the Dreamboat would take off for Washington in the morning.

## LIQUOR LICENSE VOTES BLOCKED

## Community of Less Than 751 Can't Get Permit, Says Commission

Lansing, Oct. 16 (AP)—The state liquor control commission threw a block today in front of three small Lenawee county communities seeking to obtain liquor by the glass through referendums.

H. L. Ruggles, assistant director of the commission's licensing and enforcement division, said an attorney general's opinion holds that no community with a population of less than 751 persons may receive a liquor by the glass license.

His disclosure came too late to halt the little village of Deerfield, population 569, from voting down glass whiskey 119 to 69 in Lenawee county's first test of its kind since 1911.

Two other communities in the county, Britton, population 409, and Onsted, 414, have scheduled referendums within the next three weeks.

In Calhoun county, Albion put the question on its November 5 ballot today after 1,000 persons signed a petition. Only 700 signatures were required. It was the second city in the county to authorize a test, Battle Creek voters having suspended glass whiskey in balloting Oct. 1.

## Last Offer Made To Chinese Reds To End Civil War

## To End Civil War

Nanking, Oct. 16 (AP)—Generalissimo Chiang Kai-shek today made what observers in this capital regarded as his "last offer" to the Chinese Communists in the interests of halting civil war.

Outstanding was his suggestion that a reorganization of China's government be discussed.

Behind the offer was an apparent attempt by U. S. General Marshall, special envoy to President Truman, and U. S. Ambassador Leighton Stuart to make one final effort toward breaking the deadlock prevailing since midsummer.

Communist headquarters in Nanking would not comment on the offer, made by Chiang in one of his rare public statements. The authoritative Communist comment must come from Shanghai, where Gen. Chou En-Lai, chief Communist negotiator, is being urged by third party representatives to resume peace talks, or from Yenan, North China capital of the Communists.

Chiang's offer followed an hour-long conference with Marshall and Stuart.

## One-Man Crime Wave Claims Mind Blacked Out By Pearl Harbor

Chicago, Oct. 16 (AP)—Irwin Kadens, 36-year-old former Chicago postal clerk, testified at a sanity hearing today that he suffered a mental blackout from the Dec. 7, 1941, bombing of Pearl Harbor until June, 1944.

Kadens is seeking release from the Illinois security hospital for the criminally insane at Menard. The hearing will be resumed tomorrow.

The former model husband and father of two children told a criminal court jury he couldn't remember being in the army, deserting from Camp Grant, Ill., or committing the robberies, rape and kidnapping with which he was charged.

Kadens staged in 1942 what FBI Chief J. Edgar Hoover called a "one man crime wave." He will be brought to trial on a 1942 indictment if he is judged sane. The indictment charged that while AWOL from the army Kadens kidnapped a Detroit, Mich., couple, twice raped the woman, and committed 75 robberies.

Kadens testified his last memory was listening to a radio account of the Pearl Harbor bombing and wondering if his brother stationed there was a casualty. He said his mind then went completely blank until he "awoke" in the Randolph county circuit court during a previous sanity hearing.

"I realize my responsibility for these crimes," he testified. "God knows, if I had been sane I could not have done anything like that."

## WALLACE CUTS MICHIGAN TOUR

## Campaign Speeches Are Canceled On Advice Of His Doctor

Detroit, Oct. 16 (AP)—Henry A. Wallace's scheduled campaign tour on behalf of Michigan candidates on the Democratic ticket was called off today on the advice of his physician.

The former commerce secretary was due here Friday, Saturday and Sunday and had scheduled addresses at Muskegon, Grand Rapids, Bay City, Saginaw, Flint, Lansing, Pontiac and Detroit.

A severe cold, however, forced Wallace to postpone the Michigan trip as well as speaking engagements in Indiana. At Washington, he said he hoped to go through with the latter part of a speaking schedule which includes appearances in California, Washington, Minnesota and Wisconsin.

Democratic National committee man Cy Bevan said an effort is being made to bring Wallace to Michigan Nov. 1-3, although prior commitments may make this impossible.

Meanwhile, Bevan said Sen. Claude Pepper (D-Fla.), who with Wallace disagreed with the Democratic administration on the issue of foreign policy, will campaign for Michigan Democrats on Oct. 24 and Oct. 26.

## Proposal To Join CIO Rejected By Railway Trainmen

Miami Beach, Fla., Oct. 16 (AP)—A proposal to affiliate with the Congress of Industrial Organizations was turned down by the Brotherhood of Railroad Trainmen here today.

By voice vote, the convention adopted a resolution calling for non-affiliation with the CIO after it had turned thumbs down on a resolution which recommended the union and would have referred the affiliation to locals throughout the country in a referendum.

A. F. Whitney, BRT president, said after the vote was taken that "I have said all along that this was a question for the delegates to determine, and they determined it."

## GRAVES OF 11 NAZIS DUG IN SECRET PLACE

## GOERING SUICIDE MYSTERY STILL UNEXPLAINED

BY G. K. HODENFIELD

Nuernberg, Germany, Oct. 16 (AP)—The bodies of 11 Hitler henchmen were spirited away to secret and unmarked graves today, while harassed guardians of Hermann Goering launched a microscopic, inch-by-inch examination of his cell for clues as to how he had managed by suicide to cheat the hangman.

The prison chaplain and assistant security officer both expressed the opinion that the wily, No. 2 Nazi had carried on his person, ever since his capture a year and a half ago, the deadly potassium cyanide which he gulped less than two hours before he was to march to the gallows.

Reporters Cut Off  
How he had managed to do this remained unanswered. The plump defendant had been searched at least 100 times during his months in captivity.

Mystery also shrouded the burial of Goering and of the 10 top-ranking Nazis who died on twin gallows shortly after midnight on this cold gray morning.

The 11 corpses of the men who brought death and suffering to millions of people were removed from Nuernberg prison in sealed vans, under armed escort, for an unannounced destination.

Reporters trailed the convoy for a short distance, but finally were prevented from proceeding further by a hastily constructed roadblock.

A brigadier general and U. S. security troops carrying sub-machine guns accompanied the top-ranking Nazis on their final journey, and it was believed that the last leg of the trip was by plane.

Capt. Samuel Binder of the security police detail said the final resting place of the 11 would remain a secret.

Grim Joke Gets Around  
The news of Goering's grim joke—that he had been able to outwit scores of United States troops whose job was to see that he keep his date with the hangman—spread with lightning speed throughout Germany.

Although many Germans cursed with deep hatred the once arrogant Luftwaffe head, there were others who were delighted that he had managed to escape the verdict of the international military tribunal composed of august jurists of Russia, Great Britain, the United States and France.

A secret three-man investigating board, representing the Allied control council, apparently ran up against a blank wall in its attempt to solve the question of how the shrunken fat man had managed to swallow the lethal dose.

Major Fred Teich, assistant chief security officer, ruled out the possibility of Goering having obtained the poison during recent months. He said prison security measures were too strict to have allowed anyone to slip the vial to the No. 2 Nazi.

## Career Is Resumed By Queen Elizabeth, Great Luxury Liner

Aboard the Queen Elizabeth, largest ship ever to roam the seas, started today her delayed career as a luxury liner after four years of Hercules effort in winning the war.

The 83,675-ton vessel, a shade larger than her elder sister, the Queen Mary, sailed at 2 p. m. (8 a. m. Central Standard Time) from Southampton for New York in a din of jubilant sirens and the cheers of thousands along the quayside.

Among her 2,300 passengers were Russian Foreign Minister V. M. Molotov who said he was going to the United States, "as always," in good hopes "to complete the unfinished work of the Paris peace conference." Sen. Tom Connally (D-Texas), a ranking American peace conference delegate, and a galaxy of titled Britons were in the passenger list.

## Alaskans Approve Statehood 2 to 1

Juneau, Alaska, Oct. 16 (AP)—The proposal for statehood for Alaska carried at last week's advisory referendum election by a vote of less than two to one, latest figures obtained today revealed.

The vote count at noon showed for 8,408, against 6,287.

## Price Curbs Taken Off Fats And Oils; Butter Stays Free

Washington, Oct. 16 (AP)—OPA took all price restraints off vegetable fats and oils tonight, and the price decontrol board decided to keep butter and other dairy products equally free of control.

These two decisions, following close on the freeing of meat from price control, were disclosed as another form of wartime restrictions, government curbs on wages, appeared headed for a quick death.

They coincided, too, with increasing political debate as to who is to blame for food shortages and rising prices. Elections in which these issues are already a big factor will be held November 5.

In its fats and oils order, which is effective tomorrow, OPA said that decontrol of such meat items as lard made it imperative to grant the same to competing vegetable oils. Housewives will notice the effects chiefly on oleomargarine, shortening, mayonnaise, salad dressing and cooking oils.

The price decontrol board announced that butter and cheese prices "have now risen to an unreasonable level," but added that under the accelerated decontrol program of president Truman, it had no choice but to leave dairy products control-free.

"Recontrol of all or any part of the dairy industry would be inconsistent with the accelerated decontrol program announced by the president on October 14 when he directed that controls be lifted from livestock and meat," the board said.

It held out some hope of lower prices on dairy products, saying: "It is expected that with the resumption of livestock slaughter, the pressure on prices of dairy products will be materially relieved."

The OPA order on oils also freed from price control by-product feeds and mixed feeds for animals, because they are composed of grains with oil by-products added.

Corn oil, cottonseed oil, peanut oil, flaxseed and soybean oil are all covered in the decontrol order, along with such familiar grocery items as shortening.

Soy beans and flaxseed were likewise made control-free.

## MAJOR STRIKES AT STANDSTILL

## Hotel Walkout Cancels Conventions In Washington

(By The Associated Press)

Negotiations ground to a standstill Wednesday in the nation's major strikes with no signs of early settlement visible.

The stalemated disputes included the 23-day old Pittsburgh power strike, the nationwide maritime tieup and the Washington hotel strike.

Three big Pittsburgh buildings prepared for a continuation of the wage strike of Independent Union Power Workers by using railroad locomotives to supply heat. Heat generated in the boilers of sidetracked engines was piped into the federal building, the Baltimore and Ohio Railroad station and Horne's department store.

The question of restrictions on the union status of ship masters deadlocked efforts to settle the 16-day old maritime strike which has tied up shipping on all coasts. The AFL Masters, Mates and Pilots Union balked at a proposal of eastern and gulf operators that they retain the right to select masters "without regard to union membership or non-membership."

A convention of the National Conference of Juvenile Delinquency was postponed as the result of a strike of 5,000 AFL service workers in 18 of the capital's finest hotels. Federal conciliators marked time awaiting word of a new wage offer or proposal by either side.

## Truman Has Joined Opposition On Meat, LaGuardia Declares

Oklahoma City, Oct. 16 (AP)—Florence H. LaGuardia, director of UNRRA and former New York mayor, said tonight that President Truman "has joined the opposition" in his "about face" on meat price controls.

LaGuardia, who described himself as a liberal, came here to address the National Aviation Clinic, and spoke over a radio network (ABC).

"There is something more than meat involved," LaGuardia said in his prepared address. "The budget of every American family has been hit. The cost of living is leaping beyond the reach of the average family. The lid on profiteering is off—the bars of control are down."

"There is more even than the cost of living involved. It is the science of government. The first industrial strike in our country has forced a complete surrender of government."

## Hemans In Court, Refuses Answers In Bribery Case

Lansing, Mich., Oct. 16 (AP)—Charles F. Hemans, often-described as the prosecution witness in the anti-branch bank bill conspiracy case, made his long awaited appearance on the witness stand today.

The dapper witness, who unsuccessfully fought through to the United States supreme court in an effort to avoid being called for testimony, was excused from the stand after standing on what he termed his constitutional rights to answer possible incriminating questions.

His attitude posed a problem for Circuit Court Judge Chester P. O'Hara who was "reading some law" tonight in an effort to decide whether to sanction Hemans refusal to testify.

"It doesn't make any difference what I think and who likes it or doesn't," if this man has constitutional rights I will have to support these rights," the court told attorneys in the case.

## MEAT ON ITS WAY BACK TO DINNER TABLE

## REVIVAL OF SUPPLY MAY BE FELT BY THIS WEEK END

Chicago, Oct. 16 (AP)—Livestock poured into markets across the country in excess of advance estimates today and sources in the packing industry predicted this meat would reach millions of American dinner tables by this weekend.

The run of hogs to major markets was three times as heavy as a year ago and cattle receipts were on a par with 1945. Prices were well above the now nullified OPA ceilings and generally higher on cattle and somewhat lower on hogs than yesterday, the first day of uncontrolled market operations.

Meat industry sources said fresh beef and pork could reach neighborhood butcher shops from two to five days after the animals are sold, depending on how far they have to be shipped.

**Hogs Flood Yards**  
Thus, they added, such major livestock market centers as Chicago, St. Louis, Omaha, St. Paul and Indianapolis will have a fair supply of pork and some beef available at the retail level by Saturday. Other cities which buy their livestock at distant markets, will have a wait of a day or two longer.

Trade circles hadn't expected the mass influx of hogs, which usually don't arrive in quality until November. A total of 95,900 hogs were shipped to the country's 12 principal markets, compared with 32,700 a year ago and 10,800 last week.

The predicted hog receipts at the Chicago market for today were 7,000. A total of 13,000 arrived and 3,000 were held over for lack of shipping space to haul them away. An estimated 65,000 hogs arrived at 19 concentration yards and 11 packing plants in Iowa and southern Minnesota for the 24 hour period ended at 8 a. m. today, the largest number since last Feb. 4. The Cincinnati market received 6,500 hogs, the highest since last Jan. 1.

Cattle receipts at the 12 major markets totaled 69,600, slightly above the 66,000 a year ago and well ahead of the 39,000 last Wednesday. However, industry sources said, much of this livestock was underweight and wouldn't supply a normal meat output.

Sheep receipts which always lag when cattle and hogs are available, totaled 62,900, compared with 65,800 a week ago and 82,800 a year ago.

**Steers Hit \$32.25**  
Industry sources pointed out that while the animals marketed today were sufficient to provide a "fairly good" temporary supply in retail markets throughout the country, buying and distribution might be spotty. Continued heavy receipts are needed, they said, to meet the big demand.

Most of them believed that supply wouldn't overtake demand for from 60 to 90 days, when short fed beef cattle start coming in from the feed lots.

Shortages of such meats as bacon and hams will continue for several weeks, the curing process requiring that length of time.

Fed steers hit \$35.25 a hundred pounds in the Chicago market, far above the \$30.25 Aug. 30 record and the OPA ceiling of \$20.25. Hogs touched yesterday's \$27.50 peak then weakened to around \$26.00 compared with the old

## STAFF OF OPA TO BE TRIMMED

## Drastic Cutback Coming; 35,000 Workers Worry About Their Jobs

Washington, Oct. 16 (AP)—Some 35,000 OPA workers worried about their jobs today.

There must be a drastic cutback in the staff, OPA headquarters spokesmen said. They have yet to determine how deep it will go and how soon it will come.

These officials told a reporter it will take several weeks or months to wind up the leftovers of meat control operations.

The White House call to speed up other price decontrol actions also will keep thousands of government lawyers, economists, clerks, secretaries and information people busy in the immediate future.

Biggest cutback in OPA enforcement personnel will come in the meat division where nearly 2,500 special agents had been trained for an all-out drive on the meat black market.

## Ann Arbor Company Planning \$4,000,000 Housing Project

Ann Arbor, Mich., Oct. 16 (AP)—Plans for immediate construction of a 500-unit, \$4,000,000 housing development one mile north of here were announced today by the Ann Arbor Trust Company and the H. C. Allen Company, a construction firm.

Spokesmen said the project, largest single family unit program ever planned in this area, will be started within two weeks.

The units will provide homes for an estimated 2,000 persons and project sponsors said 15 acres of the 218-acre tract will be set aside for school and playground facilities and a central commercial area.

The Allen company estimated the houses would be in the \$7,000-\$10,000 class.

## Great Lakes Levels Drop; Still 2.6 Feet Above Low In 1934

Lansing, Oct. 16 (AP)—Great Lakes water levels dropped at least four inches as the result of the summer drought but they are still 2.6 feet higher than the low level reached in September, 1934.

Norman Billings, State Conservation Department hydrologist, reported today.

He said the drop was not alarming because lakes were still higher than normal. He said the lowered water level of Lake Huron and Lake Michigan would help in halting shore erosion.

## MINERALS AND OIL IN ALASKA

### Fur And Fish Are Also Valuable Resources Of Territory

Washington (SS)—The Alaska that has voted 2 to 1 its desire to be the 49th state in the American Union is the same land area purchased from Russia just 79 years ago for about two cents an acre.

Today Alaska, because of its location and natural resources, has acquired value far beyond the wildest dreams of those early days.

Alaska then was thought of in terms of fur and fish. Now it is known to be a reservoir of mineral wealth, timber, agricultural products, and probably of oil. It occupies a strategic position in world affairs. It is the crossroads of intercontinental air traffic by way of the Pacific and the Arctic.

The price paid for this territory, one-fifth the size of the present continental United States was \$7,200,000. The Stars and Stripes replaced the imperial flag of Russia at Sitka on Oct. 18, 1867.

Alaska's present permanent population is about 75,000, about 45 per cent Indian, Eskimo or other non-whites.

The real value of Alaska, one fourth of which lies north of the Arctic Circle, is as yet unknown. Geologists believe that under its surface there are vast deposits of essential minerals, including oil. Extensive explorations are now underway and every modern device for locating hidden ores is being employed. Even magnetic surveys have recently been made, using planes and the trailing "doodlebug" that successfully located submerged enemy U-boats during the war.

Alaska now produces, in addition to coal and gold, some copper and lead, both particularly essential metals now with continental nations deposits facing depletion. It also mines mercury and platinum. Alaska mercury supplemented home production during the war to a relatively small degree, but its platinum production was important, far exceeding domestic production within the 48 states.

Oil, perhaps, is Alaska's greatest hope. Navy drills have already gone deep into the earth within the Indiana-sized Naval petroleum reserve north of the Arctic Circle in the Point Barrow region. If pay-off is found, it will be delivered by pipeline to Fairbanks, Alaska's capital and university city, and also to the south coast. Domestic oil in Alaska will add much to its value in intercontinental aviation.

Alaskan timber is largely along coastal regions, making easy the rafting of logs to Washington state. Alaskan seals yield oil and meal as well as fur. Alaskan waters provide the United States with 90 per cent of the salmon it consumes. Southern Alaskan climate permits raising ordinary New England crops.

### Blocked Gas Stove Flue Kills Three In Detroit Family

Detroit, Oct. 16 (AP)—The deaths of all three members of the Maurice Minier family were ruled accidental today after autopsies showed they died of carbon monoxide poisoning.

Inspector George Branton of the homicide squad said an investigation disclosed that the chimney of a gas heater was blocked by soot.

A roomer in the house found the bodies of Minier, his wife Helen, and their four-month-old son, James, stretched across a bed when she returned from work Tuesday.

Minier and his wife, who moved here from Onaway, Mich., four months ago, had been suffering from headaches recently, apparently because of the blocked flue, Branton said neighbors reported.

### French Government Dominated By Reds Strong Possibility

Paris, Oct. 16 (AP)—The possibility of a Communist-dominated government in France is greater now than at any time in the nation's history, in the opinion of many observers.

Perhaps in tacit recognition of this, the badly-worried M. R. P. party proposed an alliance with the Socialists, Leon Blum's Socialist party today scorned the gesture and published the observation in its newspaper "Le Populaire" that President Bidault's M. R. P. "believes in Santa Claus."

Bidault was reported to have sharply opposed some of his M. R. P. colleagues over a proposal to call the interim assembly back into session to redraft the electoral law.

### CITY CLERK RESIGNS

Marquette — Mrs. Mary A. Hogan, city clerk of Marquette for 26 years, last night tendered her resignation to city commission and Mayor James J. Beckman and commission accepted it "with a great deal of reluctance."

The resignation is effective, at Mrs. Hogan's request, as of October 15.

Mrs. Hogan, appointed to the position on September 9, 1920, reported last night she was feeling much better, but, on her doctor's orders, is "taking life easy." She suffered a stroke September 5 and was hospitalized for about a week. She is now resting at her home, 353 East Michigan street.

### Russia's Defense Budget Slashed To Develop Sciences

Moscow, Oct. 16 (AP)—A slash of \$10,571,000,000 in next year's Russian defense budget, along with a hike of about \$566,000,000 for scientific research "for the further growth of the economic and military might of the Soviet Union" was recommended by Finance Minister A. G. Zverev in proposals published today.

The budget proposed to the supreme Soviet (parliament) contains a defense appropriation of 72,208,000,000 rubles (56,031,000,000 rubles under last year's defense expenditures) and a proposal for 5,000,000,000 rubles to develop science in Russia. This was 3,000,000,000 rubles more than last year's quota of 2,000,000,000 for research.

(The ruble's official value is 5.3 rubles to the dollar.)

The budget predicted 11,000,000,000 rubles more in income than proposed for expenditure.

The two and one-half times increase in funds for scientists recalled Stalin's speech last February when he said, "it is necessary not only to overtake but to exceed in the nearest future the achievements of science outside of the USSR."

**Lipstick Catches Hit-Run Motorist**

Grand Rapids, Mich., Oct. 16 (AP)—A lipstick led to court appearance and \$25 fine today for Leo G. Pearson, 21, of Lowell.

Police said Pearson's auto struck one in which Natalie Schmieding, 22, was a passenger. When he failed to stop, the girl jotted his registration down with a lipstick and turned it in to police. They charged him with leaving the scene of an accident.

### Eben High School Officers Elected

Chatham, Mich.—Norman Laakso, Eben high school junior, is the choice of his class as president for the third consecutive year, having held that office during his freshman and sophomore years.

He is outstanding for activities and achievement in school and club work. He recently won a trip to East Lansing along with his team mate, Helen McCreaner for a 4-H Club demonstration, "Transplanting Seedlings" which rated the team second place in the state. Last year he participated in the state declamation contest.

Other junior class officers are: Marjorie Posio, vice president; Kylock Lehtimaki, secretary; Beatrice Juntunen, treasurer; representatives to student council, Alvi Koski and Viola Salo; adviser, Miss Helia Karpinen.

Officers of their classes are as follows: Senior class, Vaino Salo, president; Leonard Rukila, vice-president; Alice Laakso, secretary; Mildred Lampi, treasurer; student council representatives, Reinold Lampi, Leonard Jalonon, Donald Credland; adviser, Miss Ione Brown.

Sophomore class, Leslie Niemi, president; Lois Kampinen, vice-president; Bernice Samanen, secretary; Matt Bell, treasurer; student council representative, Betty Strand; adviser, Miss Margaret Chatter.

Freshmen, Shirley Leppanen, president; Patricia Lelvis, vice-president; Sara Parkkila, secretary; Elvira Jalonon, treasurer; Walfrid Michelson, adviser.

Eighth grade, Elizabeth Varti, president; Harold Kapi, vice president; James Maynard, secretary; Herbert Leppanen, treasurer; Bernard Takkinen, student council; adviser, Miss Villberg.

Seventh grade, Karlo Varti, president; Robert Ottila, vice-president; Allen Laakso, secretary; Joan Brison, treasurer; Larry Varti, reporter; Mrs. Welsh, adviser.

All vice presidents are automatically members of the student council.

**Special Extension Meeting**

There will be a special county wide extension club meeting Tuesday October 22, the place which is not yet determined, but will probably be in the high school building. Miss Opal Robertson, Marquette, who replaces Miss Helen Noyes as head of the home demonstration extension work for the Upper Peninsula, will discuss and demonstrate sewing machine attachment.

**Rock River In Regional Meet**

Seven Rock River high school boys will run on the cross country team Class D at the regional meet to be held Saturday, Oct. 19, at the Escanaba athletic field. Paul Nykanen, Donald Credland, Clifford Johnson, Robert Berg, Bernhart, Frigard, Donald Berg, and Louis Kinn will attend.

The team will make a two mile cross country run between the halves of the Escanaba-Ironwood football game. All seven boys will run, although only five will be scored.

**Russell Boogren Honored**

The Rock River teachers meet at the Chatham School, Wednesday afternoon October 9, at the close of the afternoon session to honor Russell Boogren, sixth grade teacher and building principal, who was recently married. Mr. Boogren was presented with a blanket as a gift from the faculty. Cookies and ice cream was served.

**House Warnings**

Mr. and Mrs. Vaino Seppi of Loud Spur were honored at a housewarming party arranged by friends at their new home, Sunday, October 13.

Mr. and Mrs. John Maki of Chatham were honored with a housewarming at their home arranged by friends and neighbors, Sunday, October 13.

**Services and Coffee Social**

The Reverend Armas Maki of Marquette will hold services at the Finnish National Lutheran church of Chatham at 2 o'clock Sunday afternoon October 20, followed by a pot luck coffee social for the benefit of the Ladies' Aid.

**Personals**

**Want a Vacation from Marriage?**

Alvin Blake went south on his vacation, for some fishing, and left his Missus to enjoy a vacation from the cornob pipe, clothes in a heap, and solos on the harmonica.

First few days, Martha enjoyed it—house neat and quiet, top back on the toothpaste, no morning mess from Alvin's midnight snacks (Al's partial to a bit of cheese and beer at bedtime).

Come the end of the week, she began to fidget; couldn't even read the *Clarion*, it looked so unmissed; didn't have any appetite with no-

body to cook for. She was about to wire Al, when he barges home a week ahead of time, and she almost cries for gratitude. ("Felt the same way myself," says Al.)

From where I sit, those differences of habit and opinion—whether they have to do with cornob pipes, a glass of beer, or playing the harmonica, seem mighty trivial when you're separated. And they are, too!

### Stilwell's Ashes Scattered In Air Over Pacific Ocean

Carmel, Calif., Oct. 16 (AP)—The ashes of General Joseph W. Stilwell were scattered from the air today over the Pacific Ocean, across whose broad waters the Stilwell legend was born in Burma, China and the war battered outposts of World War II.

At "Vinegar Joe's" wish, his ashes were committed to the air and sea over the horizon from the cypress-studded headlands of Carmel, the site of Llanfair, the Stilwell home.

Only the crew of Stilwell's personal four-star plane accompanied the remains in the final rites. At the controls was Major Emmett Theisen, the general's personal pilot, with Lt. Robert A. Propf as co-pilot. One other member of the plane's overseas crew, came from Bolling Field, District of Columbia. He was Capt. Joseph Berberich.

General Stilwell, commander of the 6th Army at the presidio, died Saturday in the Army's Letterman hospital after an operation for cancer of the liver. He was 63.

Private services attended only by members of the family and close friends were conducted at Llanfair.

Mrs. Winifred Stilwell, his widow, asked that friends wishing to send flowers give them instead in the general's name to patients at Army and Veterans hospitals.

### Union Dues Drive At Chrysler Gate Crimps Production

Detroit, Oct. 16 (AP)—Chrysler Corporation said today that a "union dues drive at the gates of the Chrysler Kercheval plant today prevented enough people from entering the plant to cut production by five bodies an hour."

The charges brought an immediate denial from Tom Cunningham, president of Local 7 of the CIO United Auto Workers. He said it was "just a routine check-up" on the dues stamps of union members and that no workers were kept from entering the plant.

Cunningham declared "about 50" workers voluntarily decided not to enter the plant for various reasons but that the "absenteeism" wasn't enough to interfere with production."

### MEAT ON ITS WAY BACK TO DINNER TABLE

(Continued from Page One)

\$16.25 ceiling. A new cattle high of \$31 was set in Omaha, compared with \$30 yesterday and the OPA ceiling of \$19.90. Hogs, however, were \$25.50, compared with \$27.00 yesterday.

**Butter Drops**

The commodity markets continued the slump which started yesterday. Poultry and eggs dropped several cents in wholesale markets. Butter registered its first decline at Chicago since early September. Cash corn prices collapsed for the second successive day.

Roscoe G. Haynie, vice president of Wilson & Co., predicted killing frosts on the range would start grass-fed cattle rolling to market by the trainload. He said his company was recalling plant crews laid off during the meat shortage.

The Chicago Producers Commission Association forecast substantial pork supplies in "30 to 40 days" but only meager amounts of choice beef until corn fed cattle start moving from the feed lots in January.

Louis Kavan, secretary of the Independent Grocers and Meat Dealers of Omaha predicted some meat would be available in most of the city's markets "before this week end."

The American Meat Institute, representing 600 meat packing companies, predicted retail meat prices were "bound to rise" until supply approaches demand. It urged that consumers "don't insist on only the fanciest kinds of cuts" and "shop around for the best buys."

Patsy D'Agostino of New York, president of the National Association of Retail Grocers, called upon suppliers to "live up to their promise" to cooperate with retailers in getting meat to consumers "at prices they can afford to pay."

### Kerosene On Coal Fire Kills Adrian Man; Three Burned

Adrian, Mich., Oct. 16 (AP)—Daniel Brunt, 39, was burned fatally and three other persons were injured today in an explosion and fire at a farm home seven miles southwest of here.

Sheriff's officers said the blast followed Brunt's attempt to pour kerosene in a coal heating stove.

Also burned were Mrs. Alice Smelts, 37, daughter of William Gibson, owner of the house; her two-year-old son, Daniel, Jr., and three-year-old daughter, Nancy. They were taken to Bixby hospital here, where attendants said their conditions were not serious.

There were seven fatalities per century in England between 1200 and 1600.

### Lutherans Plan Rural Life Meet

Iron Mountain—"The Importance Of The Rural Church" will be discussed at the Upper Peninsula Lutheran Rural Church Life seminar to be held Wednesday, Oct. 30, at First Lutheran, Iron Mountain. Arrangements for the seminar were completed yesterday afternoon at a meeting held at the home of the Rev. Oscar Purn, chairman of this area.

Sessions of the seminar, to be held at 10:30 a. m. and 2 p. m., are expected to be attended by pastors and laymen from all Lutheran churches in the Peninsula. "Conditions Of Rural Communities" will be discussed at the latter session.

Out-of-town pastors here for yesterday's meeting were the Rev. Melvin Hedin, Stephenson; the Rev. Emory Pokrant, Bark River, and the Rev. Matt Salmeen, Crystal Falls.

The other 10 defendants, headed by Joachim Von Ribbentrop, were executed swiftly on gallows erected on a basketball court in the prison gymnasium. Apparently none of them knew that Goering had managed to escape the ignominy of the noose.

With a grim clatter, the trap was sprung on Von Ribbentrop at 1:14 a. m. (6:14 p. m. Tuesday CST). The grisly job was completed at 2:57 a. m., when Arthur Seyss-Inquart, the Austrian turncoat, plunged to death.

Goering's body was brought into the gymnasium while Seyss-Inquart and Col. Gen. Alfred Jodl were still dangling from nooses. It was placed between the two gallows, which had been used alternately, in symbolic execution of the reichsmarshal.

Clad In Pajamas

The covering was turned back for all witnesses to see that he was dead.

The reichsmarshal was clad in black silk pajamas. His face was twisted from the agony of the poison. The medals and the dashing, well tailored uniforms were gone now.

## CITY COUNCIL MEETS TONIGHT

Hearing On Changes In Zoning Ordinance Is Scheduled

The Escanaba city council met at 8 o'clock tonight in council chambers at city hall, with one of the scheduled items of business the final hearing of objections to proposed changes in the city zoning ordinance.

Any person desiring to be heard in connection with the proposed changes in the zoning ordinance will appear at tonight's meeting.

According to the city's advertisement of the proposed revision of the zoning law, numerous citizens of the city are desirous of having the changes made; and the city council is desirous of changing Commercial District areas to permit additional uses. The additional use would be for certain types of light industry as follows:

"Airplane repair and manufacture, artificial flower factory, automobile rental agency, battery—wholesale or employing five or more persons, battery charging and repair, beverage (soft drink) manufacture, blacksmith, clock factory, clothing manufacture, condensed milk manufacture, livery stable, wholesale milk depot, garment factory, glove factory, and tire repair shop which are not noxious or offensive by reason of the emission of odor, fumes, dust, smoke, waste, noise or vibration."

The city council was requested to amend the zoning ordinance to permit light industry in a commercial district preparatory to the proposed establishment of a glove factory in the Coliseum at First avenue south and Fourth street.

There are eight separate changes proposed in the zoning map, mostly in the outlying sections of the city. In the majority they are changes from residence district to commercial, industrial or business district.

In addition to the hearing of objections on the zoning ordinance changes the council has the following business scheduled:

Receipt of bids on the sale of approximately one and one-half acres of city-owned land west of the fair grounds for industrial development purposes.

Hearing of objections on the vacating of North 19th street between Sixth and Seventh avenues north.

Consideration of selling forty acres of city-owned land west of the Danforth road and two miles beyond the city limits.

Request of the North Western railroad to use an additional six-foot strip of land from the north

## Work Is Started On Large Airport At Grand Marais

Work was started Monday, October 14, on the new Canadian airport at Grand Marais.

The work on the \$80,000 excavation project is being done by Paul E. Miller, contractor, of Grand Rapids, Michigan, who flew to the Sault Monday to start the work.

He is in immediate need of a corps of workers for employment on the field.

The project involves the clearing of 100 acres of land and excavation of 120,000 yards of dirt. The project is to be completed by May 15, 1947.

When completed the airport will serve as a link in trans-Canada air routes. The project at Grand Marais, and another at Houghton, are being sponsored by the Canadian government. The construction is on American land to obviate necessity of transport flights over Lake Superior, or around Lake Superior through Canadian wilderness.

side of Third avenue north between 10th and 11th streets.

Consideration of a petition for erection of a street light at Ninth avenue south and 18th street.

## Briefly Told

**Masons Meet**—The regular communication of Delta Lodge No. 195, F. & A. M., will be held at Masonic Temple this evening at 7:30 o'clock.

**Apply For License**—Application for a marriage license has been made at the office of the county clerk by Otto M. Haga and Hazel Duncan of Gladstone.

**Reckless Driver Fined**—Elof Johnson, 33, of 308 South Tenth street yesterday pleaded guilty in Justice Henry Ranguette's court to a reckless driving charge and paid a fine of \$50 and costs. Johnson was arrested recently by Escanaba police after his car damaged a pole at a service station at Ludington and Stephenson. A condition of the sentence was that Johnson must make restitution for the damage.

**Youth Escaper School**—Escanaba police yesterday were informed that Edward (Sonny) Frappier, 14, of Escanaba, had escaped from Michigan Vocational Training School for boys at Lansing about 9 p. m. Tuesday. The boy was sentenced to the institution from Escanaba for car theft.

### Hitler Gang Executed

THE Hitler gang, one of the most despicable group of brigands in world history, went to their death in Nuremberg jail yesterday, ten of them on the gallows and one, Hermann Goering, by swallowing poison to cheat the noose.

Although Goering escaped the hanging death decreed by the international war crimes tribunal, he failed to remove any of the stigma of the vicious crimes of which he was accused and convicted. He succeeded only in dying the same ignominious death of such criminal compatriots as Adolf Hitler and Heinrich Himmler.

The world is much better off not only for the death of these men but particularly for the fact that the international war crimes tribunal has established the principle outlawing wars of aggression. The tribunal has not succeeded in outlawing war itself, but it has created specific penalties for men who are instrumental in fomenting wars and committing crimes against humanity.

There has been some votes of discord against the tribunal's action, decrying the penalty of death based upon retroactive law. Actually every one of the Nazis who went to their death at Nuremberg yesterday was guilty not only of making war of aggression but of committing crimes that would have brought the death penalty under long established principles of justice.

There is no need for fair-minded individuals to shed any tears or feel any remorse for the hanging of these arch criminals.

### Fish Prices

THE Wisconsin Fish Dealers association recently issued a circular letter, urging its members to keep fish prices as low as possible during the current meat shortage as a means of inducing the public to become more fish-conscious.

"Let neither wholesaler nor retailer add too much a margin of profit to his cost," Ben G. Slater, executive secretary of the association, states in his letter. "Let not the producer or processor raise his price unreasonably because people will pay more for fish and seafood when meat is short. If all of us will bear these things in mind, we earnestly believe that the long run rewards for the fishing industry will outweigh tremendously the extra, highly taxed dollars we may now make because of a short-sighted policy."

There is already evidence that the meat industry, with the lifting of price control, is preparing to charge all the traffic will bear. The public is hungry for meat and those who have the money will be willing to pay the extra charges. However, there are many families who are already feeling the pinch of the higher cost of living, and they are being forced to shop around for food at prices within their means.

The commercial fishing industry, as represented by the Wisconsin Fish Dealers association, is taking a long range view when it appeals to producers and distributors to hold the price line. It realizes that its future lies in promoting greater consumption, and that this aim cannot be realized by driving people out of fish markets with prices they cannot afford to pay.

### Hospital Plan Develops

THE dream of a county hospital for Schoolcraft county has reached one step nearer reality with the endorsement by the Schoolcraft board of supervisors and a pledge of financial assistance from that group.

The plan that has been developed provides for the financing of the hospital on a basis of one-third by public subscription, one-third by federal grant and one-third by a county bond issue. The most difficult part of the program will be raising the portion that is needed from popular subscription.

At any rate, Manistique's need for adequate hospital facilities is real and it is a need that will grow rapidly in the future. The project is one that deserves the united support of the area that the proposed hospital would serve.

### Interest in Forestry

FORMER service men, enrolled in the colleges and universities for postwar educational programs under the GI bill, are displaying much interest in forestry as a profession.

Michigan State College has more than three hundred students in its orientation course in forestry, 100 more than its previous enrollment. Enrollment in the four-year forestry school at the Michigan College of Mining and Technology at Houghton and much interest is being shown by former GI's in the 33-month practical woods industries course offered at Camp Port.

Interest in forestry may be attributed to the fact that many young men have developed a desire for outdoors work as a result of service with the armed forces. Some who contracted malaria in the South Pacific and other disabled veterans also see an opportunity to regain their health by outdoors activity.

Time was when forestry college grad-

uates had to look for jobs chiefly with the Forest Service, National Park Service and state conservation departments. In recent years, however, industrial forestry has grown in stature, and many graduates are being hired by large lumbering and paper companies. Owners of large timber tracts are practicing selective cutting, operate their own fire control systems and carry on other projects to conserve and obtain a fuller utilization of their wood supply. New uses are being found for wood along with other developments that are expanding the scope of the forestry profession.

### Research Expands

RESEARCH has been defined as the indispensable multiplier of our natural resources. And even the research profession itself has seen great expansion in recent years.

In 1918, there were fewer than 200 technical men engaged in research within the oil industry, for instance. Now there are about 10,000. Their efforts are devoted to improving existing oil products, to developing new products, and to increasing the return from our crude reserves.

In 1918, a new cracking process was discovered which made it impossible to obtain a yield of 25.3 per cent of gasoline from crude. This was unprecedented at that time. Continued progress in research brought the yield to 45 per cent in 1941. That has since been increased, and yields of as high as 57 per cent are forecast for the near future.

Improved fuels and lubricants have also contributed to progress in other, related fields. The modern airplane engine, for instance, is about ten times as powerful and weighs only one-quarter as much per horsepower as that used in World War I. These are a few of the jobs the laboratory men have accomplished. They contributed to better, more comfortable and more efficient living for us all.

### Other Editorial Comments

#### WIZARD AT FIGURES (From the Bay City Times)

When a presidential emergency board granted Pullman conductors a raise of \$44.40 a month the other day, one of the members filed a dissenting opinion that was a dorb.

He pointed out in thunderous paragraphs that the raise was a frontal attack in the hold-the-line plan, and that if it went into effect the doors and bulwarks of the anti-inflation fortress would fall like the walls of Jericho when that old timer blew his bugle.

With all of which one may agree or disagree according to his lights and prejudices. Anyway, reading the part of the report dealing with the protestant's eloquence we naturally expected that he would urge that the raise be denied entirely, or maybe that the conductors be required to pay Mr. Pullman something for letting them work for him.

So what was our surprise when instead he urged that the raise be \$11.62½ instead of \$44.40?

What puzzles us is how he happened to be able to figure out that \$2.97½ a month is the difference between inflation and living honestly. Particularly that half-cent! He must be a wizard at figures.

#### EVERYTHING BUT LUMBER (Marquette Mining Journal)

Surprising to builders, dealers and handy men around the house will be a report of the West Coast Lumbermen's association that "any failure of the national housing program is not due to a shortage of lumber." Production of lumber is put at 115 per cent of normal.

Somewhere there is a serious bottleneck in the building program. Houses are taking too long to build, or cannot be built at all, because of innumerable delays of normal men admit, but blame the trouble on somebody else. "There is a shortage of nails, plumbing, wiring, soil pipe and skilled labor, everything but lumber."

But lumber is a term that covers a wide variety of building materials. Structural timber may be available, but the builder is halted by lack of flooring, or finishing woods.

A lot of lumber now coming on the market is poor stuff from the builders' point of view. It is green and unseasoned, hard to handle and far below the specifications of a sound building job. This is understandable, since the appetite of war swallows up vast stocks of wood. Good lumber is still scarce, and the shortage cannot be talked away by optimists on the west coast.

Omaha: Recently you mentioned "sphinx" as "the only one-syllable English word, so far as I know, in which five consonant sounds are heard: s, f, ng, k, and s". Tch, tch, tch! How come you have overlooked the word "strengths" which has one syllable and seven consonant sounds: s, t, r, ng, k, th, s?—O. M. M.

Answer: Right. Several hundred readers have submitted "strengths" as well as scores of one-syllable words with five and six consonant sounds, such as: strand, splashed, sprawled, scratched, scrunch, splotted, squelched, scrunched, squirts, squirms, etc.

BY MARQUIS CHILDS

Madison, Wis.—The political wheel has come full circle in Wisconsin and they are back to stalwart Republicanism with no frills or furbelows.

It is one of the most revealing political cycles in American history and, with talk of a third party in the air, a little background is in order. Wisconsin has had its third party. Today that party is as dead as the dodo bird—strictly a museum piece.

The Progressive party in Wisconsin was officially liquidated last March, with a funeral oration by Sen. Robert M. La Follette, Jr., who announced he was returning to the years would have none of him. He was defeated in the primary by young, ambitious, hard-campaigning Joseph R. McCarthy, a circuit judge and a veteran of some of the fiercest battles of World War II.

—END OF PROGRESSIVISM—  
La Follette's defeat marked the end of Progressivism in the state. That means the end of the most persistent attempt to form an independent third party which this country has seen.

It was a native radical movement, getting its original drive from the fiery spirit of the elder La Follette, "Fighting Bob." It owed nothing to any foreign ideology, whether Socialist, Communist or whatever.

In its inception at least, the objective was to gain control over those interests outside the state that sought to dictate to Wisconsin. One of the earliest fights was to establish a railroad commission which would keep down freight rates that Wisconsin farmers regarded as unfair.

"Fighting Bob" ran for president as an Independent in 1924 and carried only his own Wisconsin. In 1938 his son Philip, then governor, tried to get the Progressive party going on a national basis. Phil led off in a rally with fancy dramatic trimmings that copied some of the drama of Europe's mass parties. This attempt backfired and many old Progressives felt it blasted a party already withering away.

In this year's campaign, the native, homespun radicalism is absent. The winds of conflict blowing across the world shape the political pattern here as elsewhere.

—DEMOCRATS DISORGANIZED—  
The Democratic issue is so important that Democratic State Chairman Robert Tehan publicly repudiated Edmund Bobrowicz, Democratic nominee for the House from the 4th district. Whether that helped the chances of other Democratic candidates is doubtful.

The Democratic organization has fallen away so rapidly that reliance is of necessity placed on the CIO-PAC. The Democratic candidate for the senate, Howard McMurray, University of Wisconsin professor and the only Democrat given an outside chance to win, must seek the industrial votes which supposedly the PAC can deliver. It's an interesting fact, however, that in the primaries McCarthy got more votes in the industrial counties than either La Follette or McMurray, who was running unopposed. Conservative Republicans like to believe this shows a rank-and-file revolt against high-handed union leadership.

Another factor in the campaign illustrated the play of forces beyond the borders of the state. That is the Catholic issue. While the candidates do not talk about it, it is there nevertheless.

A referendum proposal on the ballot this fall would make school buses available free to parochial as well as public-school pupils. Protestant ministers have attacked the proposal, often with more noise than good sense. Both McCarthy and Thomas C. Coleman, the able chairman of the Republican state committee, are Roman Catholics, which further complicates the issue.

As he did in his primary campaign, McCarthy takes a strong international line, in contrast to the provincialism of the La Follettes. He stresses the need to extend "a strong, firm hand" to the prostrate peoples of western Europe and eastern Asia. He talks of "remaining strong so that we can play a leading role in bringing nearer that day when all the nations of the earth can throw off the tremendous burden of maintaining a powerful military force."

While he cracks at Communists in the labor movement, he does not lean on the "Red Menace" as Republicans in some states are doing. The Red issue is being played hard by the Milwaukee newspapers. One paper published a list of Communists in the CIO and the PAC, with the names reported to have come through a convenient leak in the FBI.

The demise of the Progressive party is to me a sad phenomenon. While it was provincial and isolationist in its world outlook, it represented a genuine effort to restore local government and local controls. A lot of people prate about the domination of Washington and the need to restore home rule, but few of them do anything more than talk about it.

Jeanne, start with "zh," add "ah" as the vowel sound, and finish with the consonant "n", thus: zhann. Incidentally, the German word for tooth, Zahn, is pronounced tsahn, not as you have given it. Hollywood: I grew up believing that "lassie" is feminine, and "laddie" is masculine. But now I find the dog Lassie (of the film of the same name) mentioned as "him" by a columnist, and as "himself" in the New Yorker. Am I confused?—J. D.

Answer: How do you think poor Lassie feels? Lassie, the famous dog actor, actually is a male collie. I have no idea what his real name is in private life.

Detroit: Does the Chinese "Kiang" have any meaning in such names as Kiangsi, Yangtze Kiang?—O. D.

Answer: Yes, Kiang is Chinese for "river."

### Good Morning!

By The Bugler

LAND OF TABLES—Marine Corps recruiting sergeant Leonard A. Walker, who came to Escanaba the other day from Milwaukee, likes the Upper Peninsula of Michigan. He has never been here before, but he thinks it's the kind of a place he will come back to one of these days when he retires from military service.

"What impressed me most were the tables and places to stop and rest and have a picnic along your highways," he said. "It made me feel as if I were welcome up here."

We told him that we were welcome, and he said that sometime in the future he would be back again, but not on recruiting duty for the U. S. Marine Corps. He has been in the Marine Corps 19 years, served in the North Atlantic and in Europe during the war, and prior to the war was stationed in the Southwest. "When I retire I want a cottage on a lake in the Upper Peninsula," he said, looking very military, and not at all like a man who was dreaming of shirt-sleeves and a lounging chair.

ONE-DAY SESSIONS—The Delta county board of supervisors in its determination to complete its business in a one-day session gave the supervisors a work-out last Monday—yet most of the day was devoted to committee meetings. Major committee work last Monday was by the finance committee, which struggled for hours with a 1947 county budget.

Practically all of the supervisors were present when the session opened at 10 a. m., but by 7 p. m. (when the board adjourned) there were only 15 of the 27 supervisors answering roll call. This was caused largely by the departure of supervisors who had to return to jobs, or who had to attend other meetings. On the part of township supervisors it was because they had far to travel and farm chores to do before it got too late. Before the session ended tempers were wearing a trifle thin, and some of the debate was more acrimonious than it might have been if it had not been for empty stomachs and tired nerves.

The charge made by one supervisor that a certain piece of business had been delayed until the rural representatives were absent may have resulted from the above mentioned causes. Either the board should start earlier in the morning, or have its committees meet the day before scheduled board sessions.

QUESTIONS AND ANSWERS—The Escanaba Rotary club at its Monday noon meeting heard Miss Betty Mathier, reference librarian and Miss Jean Trantanello, children's librarian, at Carnegie Public Library in Escanaba tell of the work they do. Miss Mathier's reference department, incidentally, is the place you can obtain the answer to many questions, as many people have found out.

But the variety of questions! Perhaps you might be interested in some of the questions received by the reference librarian.

What is the address of a school for morticians in Chicago? What is the gold reserve of the largest countries in Europe? Who is the chairman of the United Nations conference? Who wrote "The Picture of Dorian Gray"? Who was the last president of Spain? How do you spell Halle Selassie?

Below is the reminder to "Vote Republican." The question asked by the GOP could refer to almost any of the soreties these days, including T-bone steaks. If this is the intent, the answer from this corner is no, we haven't had any.

TWO KINDS OF JUSTICE—Eleven convicted Nazi war criminals were scheduled for hanging yesterday at Nuremberg, Germany. Meanwhile the trial of Japanese war criminals crawls slowly along, and the man who many Americans believe was in part at least responsible for Jap war atrocities continues to serve as the puppet leader of Japan—the former Emperor Hirohito.

If there is to be justice in the trials of those responsible for the recent World War, the former Japanese emperor cannot escape arraignment. If he does, history will record that America offered the world two kinds of justice: One for the useless, the other for the useful criminal. The Japanese people themselves may come to despise us as pompous hypocrites.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Both the army and navy are squawking privately but vigorously to President Truman over his determination to balance the budget at their expense.

Only way he can balance it is by chopping down army-navy expenditures. Any one who looks over the budget sheet of the U. S. government can see that that is where the big expenditures are. Most civilian agencies were cut to the bone during the war and have continued that way. The army and navy, however, still are padded.

Truman has already cut 2 billions from the army and navy, which brought howls of anguish from both. The army maintained it needed all the \$7-, 263,542,400 voted it by Congress and the navy said it needed all the \$419,659,300—if they were to keep pace with Russia.

Despite their howls, however, Truman refused to budge on the two-billion cut. Furthermore, thought it hasn't leaked out yet, he plans to cut another billion within the next few days or weeks.

### —SAVING NAVY DOLLARS—

Suggestion to navy admirals: It may seem like chicken feed to some people, but if you want to save a few thousand dollars, take a look at the Naval Air School at Olathe, Kans., commanded by one of your own Annapolis grads, Capt. W. M. Drane, Naval Academy '30.

Captain Drane is now tearing down three enlisted men's barracks which cost \$47,700 each to construct and which were only completed May 7, 1943, in order to use the lumber for quarters for himself, plus quarters for the base's executive officer. Meanwhile, houses for veterans are stymied for lack of lumber. Meanwhile also, Captain Drane is not too uncomfortable. He is living in the married officer's quarters consisting of 27 rooms, while the executive officer is living in the bachelor officers' quarters which consists of 13 rooms.

Another saving the navy might make would be to sell the twelve electric refrigerators now idle at the Olathe air base. One has been loaned to Comdr. C. C. Clement for use in his private home. Veterans would be delighted to pay good money for these idle refrigerators.

Another way to save money would be to curtail the interesting flights which Captain Drane makes to Clarksville, Tenn., which happens to be his home. On one trip a twin-engine Beechcraft with Lieut. Comdr. L. D. Macomber as pilot picked up his daughter and her girl friend and flew back to Olathe, without entering either of the girls on the flight plan.

Three thousand naval personnel have been transferred away from Olathe, with only about 400 men remaining. Yet no furniture, equipment, iceboxes or buildings have been declared surplus.

All this may sound like chicken feed compared with the navy's tremendous wartime expenditures, but when you multiply possible economy at Olathe by possible economy at a hundred other stations it runs into real dough.

NOTE—Another possible saving: For a long time, Comdr. W. M. Collins, Annapolis '34, and son-in-law of Adm. Charles P. Snyder, navy inspector general, lived in Kansas City and commuted thirty miles daily to Olathe in a Dodge sedan which belonged to the navy and was serviced daily in a navy garage.

### —TOM CONNALLY IN PARIS—

Venerable Tom Connally, the distinguished chairman of the Senate Foreign Relations committee, was attending a diplomatic reception at the Paris Peace Conference where he was introduced to the Czechoslovakian Foreign Minister, Jan Masaryk.

"Oh, of course, I knew your father well," Connally said, and then stepped back and began imitating a man playing a violin.

Masaryk was somewhat nonplussed. "My dear sir," said Masaryk, "I am a Czech, not a Pole. And the father of his country whom you were thinking about was a pianist and not a violinist."

NOTE—Apparently Connally had confused Masaryk with Paderewski, the late famous Polish pianist and president of Poland.

### HOW TRUMAN COMMITTEE STARTED

Probably only three or four people know how the original Truman committee happened to be established. And since that committee was responsible for putting Harry Truman in the White House, the inside story of its founding has historic interest.

Senator Truman of Missouri was attending the inauguration of Governor Neely of West Virginia in 1940. At the inauguration, he met Senator Harley Kilgore of West Virginia, then a freshman senator. At the governor's mansion at Charleston, they talked of civil war history in which both always had been interested, including the graft which followed the civil war.

"It's too bad Congress never got around to investigating the civil war graft," Truman remarked.

"As a matter of fact, it would be a good idea for Congress to investigate graft in defense industries right now," said Kilgore.

After some further discussion Truman announced that he was going right back to Washington to introduce a senate resolution calling for the creation of such an investigation committee. He did so and was immediately named chairman.

Senator Kilgore at first was not named as a member of the committee since he was a freshman senator. However, due to the fact that he had helped inspire the idea, Truman wanted him to serve. Therefore, he specifically asked the President of the senate to enlarge the committee and name Kilgore.

Intiguing fact is that Kilgore, who originally inspired the committee and served on it for six years, is now its chairman.

Q. Is National Service Life Insurance subject to taxation or claims of a credit agency that has been trying to collect an overdue debt?

A. Payments are exempt from taxation, but the exemption does not cover any property purchased in part or wholly out of such payments.

Q. I was entitled to receive mustering out pay but failed to make an application for such pay before February 3, 1946. Is there any later regulation that would now permit payment for same?

A. No, legislation has, as yet, not been enacted which would authorize payment of mustering out pay to those personnel of the armed forces who were discharged before February 3, 1944 and who failed to make application for such pay before the deadline of February 3, 1946.

Q. Did the 309th Infantry Regiment receive the Distinguished Unit Citation?

A. No. The regiment is, however, credited with participation in the Rhineland, Ardennes and Central European Campaigns.

Q. Why is it a very difficult thing for children to learn to walk?

A. In consequence of the natural upright position of the human body, it is constantly necessary to employ some exertion to keep our balance, or to prevent ourselves from falling, when we place one foot before the other.

Children, after they acquire strength to stand, are obliged to acquire this knowledge of preserving the balance by experience. When the art is once acquired, the necessary actions are performed involuntarily.

Q. What State was the first to secede from the Union at the beginning of the Civil War?

A. South Carolina.

Q. To whom were the Cabots, according to the well-known verse, said to have restricted their conversation?

"Here's to good old Boston. The home of the bean and the cod. Where Lowells' speak only to Cabots."

And Cabots speak only to God."

Q. What is the latest date on which a veteran can begin a course of education or take an on-the-job training course under the provisions of the Serviceman's Readjustment Act (G. I. Bill)?

A. A course of education or on-the-job training under the Serviceman's Readjustment Act must be started not later than four years after the end of the war, or date of discharge, whichever is later.

# BATTERY PLANT STARTED HERE

## Ex-GI's Open New Manu- facturing Industry In Escanaba

Another new industry for Escanaba, a battery manufacturing plant, is in the making, developed by two former servicemen, John Kossow and Leslie Plimpton, natives of Rock.

The new industry, X-GI Battery company, is located at 1330 Washington avenue and when production gets under way the partners expect to manufacture about 50 batteries daily.

At present the two young men, both of whom learned the battery manufacturing business in Milwaukee before the war, are concentrating on rebuilding and repair of batteries, but will shift over to production of new batteries, to be sold under their own trade name, just as soon as necessary materials are received.

The plant will be strictly a two-man shop for the present, located in unpretentious quarters, but the possibilities for considerable expansion, both of production and payroll, are many.

Battery production at the new plant has been stymied thus far due to a shortage of lead but adequate supplies have been promised within 10 days. The company will make the complete battery, except the hard rubber case. Kossow explained that few of the battery manufacturers make their own cases.

**Sold Under Guarantee**  
"We'll be able to compete with the big companies both in the matter of price and quality," Kossow declared confidently. "Our product, in reality, should be superior because we will hand paste the lead oxide on the plates, which permits greatest accuracy."

The partners already have the necessary manufacturing equipment on hand, including lead plate moulds, etc., and have received some shipments of wood and glass-spun separators, used in battery manufacture. Sulphuric acid is secured locally.

Kossow and Plimpton declared that their batteries will be sold under guarantees standard within the industry. They added that a good battery, properly constructed,

should provide two to two and a half years of service under normal operating conditions and given reasonable care.

The opportunity for getting into the battery manufacturing business is particularly ripe at this time because of the national shortage of batteries. While awaiting promised shipments of lead and other critical materials, the partners have been busy repairing and rebuilding used batteries of all makes. Despite the fact that few dealers and not much of the general public have knowledge of their battery plant, the demand for battery rebuilding has greatly exceeded expectations.

Plimpton is married and has one child. Kossow is unmarried but is engaged to a Milwaukee girl. Each of the young men served slightly over two years in service and were stationed in the Pacific theater. They were discharged last spring.

## Patricia Prual, 3, Dies In Detroit

Patricia Ann Prual, three-year-old daughter of Mr. and Mrs. Joseph Prual, Jr., of Detroit, died suddenly Monday morning in that city.

The body will arrive here this morning, and will be in state this afternoon at the Degnan funeral home. The Mass of the Angels will be offered at nine o'clock Friday morning at St. Patrick church, with the Rev. Fr. Martin Melican officiating. Burial will be made in St. Joseph cemetery.

Patricia Ann, who was born Aug. 4, 1943, in Hartford, Wis., is survived by her parents; one sister, Jeanne Marie; her paternal grandparents, Mr. and Mrs. Joseph F. Prual of this city; and her maternal grandparents, Mr. and Mrs. Ben Grager of Hartford, Wis.

## Illness Claims Mrs. Mary Silas

Mrs. Mary Silas, 80, of 1319 First Avenue north, died yesterday morning at St. Francis hospital, where she had been a patient for one day after becoming seriously ill. She had been in poor health for several months.

Mrs. Silas is survived by one sister, Mrs. William Pugh of Superior, Wis. Her husband, Charles Silas, preceded her in death.

The body was taken to the Allo funeral home. Final arrangements are incomplete.

## TRANSFERRED — John Groop

has been transferred from the Grand Rapids office of the organization to the U. P. District office at Marquette, it was announced by Joseph H. Shipman, U. P. district supervisor of vocational rehabilitation. Mr. Groop was head of the commercial department in the Escanaba Public schools for 14 years. He joined the vocational rehabilitation staff in Grand Rapids in April, 1944. There he served as field agent and did psychological testing for the district. In his present assignment, Mr. Groop will continue to serve as field agent and will assist in the testing program. He will cover Delta and Menominee counties. Mr. Groop will spend the latter part of this week contacting Delta County clients, social and veteran's agencies, as well as schools and doctors. He and his family will make their home in Escanaba.

Doctor Sawbridge  
Remains On Board

**MRS. LORETTA BOSNAULT**  
The body of Mrs. Loretta Bosnault will be in state at the Allo funeral home today from 10 a. m. until 3 p. m. It will be removed to the family home at Rapid River today at four o'clock. Funeral services will be held Saturday morning at nine o'clock at St. Charles church at Rapid River, with burial in Rapid River cemetery.

**MRS. JOSEPH COLLINS**  
Funeral services for Mrs. Joseph Collins will be held this morning at a 9 o'clock solemn high requiem mass at St. Patrick church. Burial will be made in St. Joseph cemetery.

**MRS. JOHN GRANT**  
The body of Mrs. John Grant is in state at the Anderson funeral home, where funeral services will be held Friday afternoon at 2:30 o'clock. The Rev. Gustav Lund of Bethany Lutheran church will officiate at the rites, and burial will be made in the family lot in Lakeview cemetery.

Menominee—Dr. Edward Sawbridge of Stephenson, was renamed a Menominee county trustee on the Pinecrest Sanatorium board at yesterday's meeting of the Menominee county board of supervisors. His new term will expire in 1948. The other Menominee county trustee on the four-county sanatorium board is G. A. Blesch of Menominee.

Dr. Sawbridge, who on Oct. 3 observed his 85th birthday anniversary, has served on the Powers sanatorium board since it was founded 25 years ago by Menominee and Delta counties. Later Iron and Dickinson joined the setup and the four counties now contribute to the support of the institution.

Also renamed to a county commission post was Linaus J. Johnson of Stephenson as a member of the Menominee county board of social welfare. Johnson is secretary of the present board and other members are Dr. C. B. Flanagan of Menominee and Alfred Schoen of Harris township.

State Leaders Of  
Women's Clubs To  
Meet In New York

Three million clubwomen-members of the General Federation of Women's Clubs have been waiting expectantly and impatiently for a direct report from their president, Mrs. LaFell Dickinson, on her experiences in the Soviet Union this summer.

Although the three million women cannot come together this fall, their state leaders will gather at the Waldorf-Astoria in New York, October 25 and 26, to hear Mrs. Dickinson, who says that she thinks the most important thing in the world today is to promote friendship between the peoples of the United States and Russia.

The meeting is the annual fall session of the board of directors of the General Federation. Board members will reach New York in time to attend, at the Waldorf on October 24, a large all day session of the International Assembly of Women. In this Assembly the club leaders from every state, as well as other national and local leaders, will convene with 150 women from countries all over the world.

International friendship, foreign relief and the making of the peace will be important discussions of the Federation's two-day meeting. A series of panels is planned with the national chairmen as panel members, in which the various programs of the Federation will be linked with the work of the United Nations—particularly the Status of Women and Human Rights commissions.

On Friday evening, October 25, the Federation Board members will attend a dinner at the Waldorf which the hospitality committee of New York is giving to honor Paul Henri Spack, president, general assembly of the United Nations; Trygve Lie, secretary-general of the United Nations; Warren R. Austin, United States representative, Security Council of the United Nations who takes office January 1.

A visit to the United Nations is planned for Monday afternoon, October 28. That evening and on the 29th and 30th board members will attend the Herald Tribune Forum on current problems.

Venus Sewing Co.  
Honors Employees

A dinner party was given last night at the House of Ludington, honoring the supervisory employees at the Venus Sewing company. Guests of honor were: Elaine Rae, assistant manager; Leona Borden, supervisor of the sewing dept.; Vivian Pascal, supervisor of 2-needle department; and Leona Markovich, floor girl.

Others attending the function were Alice Runkel, payroll clerk; Walter Zimmermann, mechanic; Joseph Almquist, shipping department; Ella Almquist, manager, and guest, Mrs. Walter Zimmermann.

Belts have new fashion authority over cold weather clothes. Whether they're large and studded with nailheads or costume jewels, or narrow and featuring an attached pouch purse or watch fob charm, they'll keynote suit, sweater and skirt or little black dress with equal ease.

**WED AT HERMANVILLE** — Miss Rellia Scire, daughter of Mr. and Mrs. Joseph Scire of Hermanville, became the bride of Merrill Vincent, son of Mr. and Mrs. Alfred Vincent of Daggett, at a recent ceremony which took place at Hermanville, where the couple will make their home. (Ridings Photo.)

## Trenary

**Luukkonen-Ylinen**  
Trenary, Mich.—Mr. and Mrs. Isaac Ylinen announce the marriage of their daughter, Ruth, to Ray Luukkonen, son of Mr. and Mrs. O. Luukkonen of L'Anse. The bridegroom is a nephew of Al Pasanen of Trenary.

The couple exchanged vows on Oct. 12 before Justice of the Peace Henry Ranguette at Escanaba. They were attended by Esther Latvala of Trenary, and Eugene Ylinen, brother of the bride.

Mr. and Mrs. Luukkonen will make their home in Trenary for the present.

Mr. and Mrs. Albert Johnson and son of Marquette visited at the home of Mr. and Mrs. Joel Orava on Sunday.

Lewella R. Farley,  
Blondy L. Tatrow  
Married At Garden

Garden—At a ceremony performed in the St. John Baptist church at Garden on Oct. 12 at 9 a. m., Miss Lewella Rose Farley, daughter of Mr. and Mrs. Albert Farley, exchanged vows with Blondy Lloyd Tatrow, son of Mr. and Mrs. Edward Tatrow, before the altar which was banked with autumn leaves. The Rev. Ralph Sterbenz officiated.

Music of the mass was played by Mrs. William Swaer and sung by the choir, with solos by Patricia Guertin.

The bride's gown was white, the bodice of satin fashioned with a sweetheart neckline and long tapering sleeves. The full net skirt was extended to form a long train. Her veil was arranged in pique-bonnet style and edged with pearls. She wore a string of pearls, a gift from the bridegroom, and carried a shower bouquet of pink roses and white asters.

The bridesmaid, Miss Jeneane Ann Tatrow, cousin of the bridegroom, wore a gown of pink mousseline de soie with a square neckline and trimmed with lace. Her headress was of pink net, and her bouquet was of asters, gladioli and pink carnations.

Carroll Tatrow served as best man for his cousin.

The bride's mother wore a black lace-trimmed dress and a corsage of pink carnations, while the bridegroom's mother chose a grey suit with matching accessories and white carnations.

Breakfast after the ceremony was served at the Tatrow home to 15 guests. Centering the table was a cake trimmed with pink roses and topped with a miniature bride and groom. Later, 30 guests attended a five o'clock dinner at the Farley home. Yellow and white fall flowers decorated the table, which was centered with a cake trimmed with white roses and the customary figurine. The wedding dance held in the Community building in the evening was well attended.

For the wedding trip through Northern Michigan, the bride wore a gold dress with brown accessories, and a corsage of asters and roses.

The newlyweds will make their home in Iron Mountain, where Mr. Tatrow is employed at the plant of the Ford Motor company. He is a graduate of Garden high school, class of 1941 and was in service for three years, two years of which he spent overseas.

Guests at the wedding included Mr. and Mrs. Alex Weigandt of Cooks; Mr. and Mrs. Joseph Janowski of Detroit; Mr. and Mrs. Joe Tatrow and Mr. and Mrs. Joe Balderika of Iron Mountain; Mr. and Mrs. David Farley of Escanaba; and Mr. and Mrs. Gordon Barbeaux of Fayette.

Gladys Swarthout  
To Open Ishpeming  
Series On Tuesday

Ishpeming.—Gladys Swarthout, mezzo-soprano who opens the Ishpeming 1946-47 concert series Tuesday, Oct. 22, is regarded as the best interpreter of the role of "Carmen" in Bizet's great opera.

Geraldine Farrar and Mary Garden achieved greatness in opera and were successively rated the finest "Carmens" on the operatic stage.

Miss Swarthout herself, singing the minor role of Mercedes, was in Miss Garden's supporting cast in her earlier singing days. She has since developed the greatest collection of Carmen in the world, with a priceless group of old discs, the first of which is one by Minnie Hauk, the first to sing the opera in this century.

Those who have been rated on the basis of their interpretation of "Carmen" are Adelina Patti, Emma Calve, who sang the role 1,000 times from 1893 to 1904; Emmy Destinn, whose Carmen was great throughout Europe although she did not sing it in this country during her single season with the Metropolitan; Jeanne Gerville-Reache, French contralto; Zelli de-Lussan, Maria Gay, the Spanish contralto, who gave Carmen one of its most daring interpretations.

# APPLE COFFEE CAKE AND 7 KINDS OF ROLLS in ½ the time OCCIDENT'S NEW SPEEDIE METHOD

THIS **SPEEDIE** RECIPE

6½ cups OCCIDENT Family Flour  
2 cups lukewarm water (87° F.)  
½ cup sugar  
2 cakes compressed yeast  
1 tablespoon salt  
2 eggs  
½ cup shortening

... AND THE **SPEEDIE** METHOD

1. Place lukewarm water, sugar and yeast in mixing bowl. Add salt and 2 cups sifted flour. Beat with electric mixer or rotary egg beater 2 minutes. Add eggs and melted and cooled shortening; beat one minute.
2. Gradually add 4½ cups flour, stirring until a dough is formed. Let dough "rest" in bowl 20 minutes for ease in handling.
3. Roll ½ of the Speedie Roll Dough into a 9 x 17 inch rectangle on floured bread board. Fit dough into greased pan. Brush top with melted shortening. Press slices of peeled apple into dough. Blend ½ cup brown sugar with ½ teaspoon cinnamon and sprinkle over apples.
4. Cover, let rise in a warm place (about 85°) for 30 minutes. Bake 30-35 minutes in moderately hot oven (375°).

THE CITY THAT WAS—Nick Chapekis snapped the above photographs of the city of Hiroshima less than two months after it was destroyed by the atomic bomb. Stationed in Japan with the U. S. Army in October, 1945, Chapekis said of the destruction shown in the top picture: "It is impossible to conceive that one bomb caused all this damage." The bottom picture is of the city hall, where the Red Cross had already established an aid station.

### Local War Vet Recalls Hiroshima Destruction

Recent publication by the Daily Press of John Hersey's story of the destruction of Hiroshima, Japan, by the atomic bomb has brought from Nick Chapekis, Escanaba, former lieutenant in the U. S. Army, his recollection of Hiroshima shortly after the first use of the atomic bomb in warfare.

Now a student at the University of Michigan, Chapekis wrote: "I have read the articles on Hiroshima with great interest."

"One year ago, in early October, I was stationed just outside Hiroshima. The series of articles vividly recalled my talks with people of Hiroshima. Enclosed are two snapshots which I took at the approximate center of the city on my first trip to Hiroshima. Wooden structures went up hurriedly after these pictures were taken.

"In the background of the picture which shows the vast destruction, the city hall can be seen. The other snapshot is a close-up of the city hall—then used by the Red Cross. Only the bare walls and the roof remained.

"It was amazing to me that all bridges crossing the river which

ran through the city were intact; also that street cars were running in many parts of the city less than two months after the explosion.

"Of course many people wore bandages from results of the bomb. The lack of resentment toward us as U. S. soldiers surprised me. Instead, the Japs were smilingly selling us souvenirs of the explosion. Again, I wish to commend the Press for printing these fine articles."

### VA Subsistence Checks Going Out To Wrong Address

Failure of Michigan veterans to notify the VA of changes of address has resulted in hundreds of subsistence checks being returned to the Treasury Department. It was revealed by the Detroit Regional office of the Veterans Administration.

Thirty-four hundred checks were returned last week alone and, with more than 50,000 ex-servicemen and women enrolled in schools throughout the State under the GI Bill, the figure was expected to mount. Postal laws forbid forwarding of Government checks, it was explained.

Guy F. Palmer, manager of the local VA office, took immediate steps to correct what he termed "a critical situation." Palmer directed that letters be sent to every veteran drawing subsistence checks for training under the GI Bill warning the veteran to be sure that the VA has his correct address.

"Failure to notify the VA immediately of your change of address will result in a delay of the issuance of your subsistence check," Palmer's letter warned. "It is, therefore, of the utmost importance that the following pro-

cedures are immediately carried out in the event that you change your address.

Notify the VA immediately by contacting your VA training officer or notify the contact officer who services the community in which you presently reside; or write to the Finance Officer, Veterans Administration, Guardian Bldg., 500 Griswold Street, Detroit 26, Michigan. Post card will suffice.

It is your responsibility to give the VA representative complete information relative to your request for change of address including:

- 1) Old address; (2) New address
- (3) Claim number; and (4) Personal signature.

### Marquette County Salaries Adjusted

Marquette—A practice of many years' standing was partially abolished yesterday with action by the board of supervisors in increasing salaries of the county clerk, treasurer and register of deeds, in lieu of retention of fees by the three officials concerned.

Approving recommendations of its finance and taxation committee for the salary schedule for 1946-47, the board also granted a \$300 annual pay hike to the county school commissioner and abolished the offices of assistant prosecuting attorney and the Office of Veterans' Affairs, effective December 31, 1946.

The change in salaries paid the county clerk (\$3,600 to \$4,140),

# ORE SHIPPING IS STEPPED UP

## Mines Of Iron River District Loading Many Trains

Ore shipments from the Menominee range port of Escanaba are running a million and one-half tons behind the tonnage dispatched a year ago, and shippers of the Iron River district are sending trainloads after trainloads off daily in an attempt to get as much of the red gold forwarded to eastern industrial ports before winter weather interrupts navigation.

Active mines, with stockpiles slimmed down or cleared away by shovel loading during the summer months, are loading cars from pockets in steady procession. Each morning after the south bound 6:45 a. m. passenger train clears the valley, a double-header string of empties chugs northward from the Stambaugh ore yards through Iron River to Mineral Hills where the cars are filled.

The Escanaba port has shipped 2,167,380 tons of ore this season to Oct. 1, after loading more than a half million tons into the lake freighters during September, leading the Marquette range by 400,000 tons for the season. Thus far, the Menominee range port has shipped five per cent of the Lake Superior ore tonnage in 1946, and the Marquette range four per cent.

Ore shipments from the Lake Superior area this season up to Oct. 1 were as follows:

## Grand Marais

Grand Marais, Mich.—Mr. and Mrs. Isadore Roberts, formerly of Grand Marais, have sold their home in Escanaba and at present are touring the western states. They plan to visit their daughter Miss Carolyn Roberts of Oakland, California, and Mrs. Robert's father, A. D. Kepple of Portland, Oregon before returning to Michigan.

Andrew Soldenski is a patient at St. Mary's hospital in Marquette. He is undergoing treatment on the leg he injured several weeks ago.

Mrs. Argie Thorrington entertained the 500 club at her mother's home Thursday night. Those present were Margaret Gauthier, Bertha Chilson, Charlotte Tellier, Esther Classner, Alda Dowell, Elsie Grasser, Carmen Morrissey, Hael Block, Louise Senecal and Pearl Masse. First prize was won by Pearl Masse and the cup prize by Charlotte Tellier. Refreshments were served by the hostess and a grand time was had by all.

Arthur Roberts of Escanaba spent the past week end at the home of his sister, Mrs. Theodore Senecal. He is a bow and arrow hunter and spent most of his 4 days in the woods hunting deer.

Mr. and Mrs. Albert Grasser were business callers in Manistique Wednesday.

Mrs. Irene Endress and Mrs. Alda Dowell drove to Manistique Friday.

Miss Merle Masse was a patient at St. Luke's hospital in Marquette and is now at the home of her sister in Gwinn.

Mr. and Mrs. Sharp of Marquette visited at the home of their daughter, Mrs. Walter Hampton, last Sunday afternoon.

Peter Tellier is at the naval hospital in Cincinnati, Ohio, having a complete physical checkup.

Mrs. Celina Bleckner is visiting in Detroit with relatives and friends.

Victor Buckland cut his foot Thursday afternoon severing an artery. Art Goupille and Mrs. Buckland took him to the Newberry Clinic for treatment. He is now at his home in Grand Marais.

Mr. and Mrs. Alfred Lundquist and Mr. and Mrs. Frank Lundquist left Saturday evening for Toledo and Harbor Beach. Mrs. Capigrasca the former Isabel Lundquist, and her small son, who have been visiting with relatives here, will accompany them to Toledo, homeward bound for New York.

## New Officers Elected At Meeting Of Directors

George Lindenthal was elected president of the Escanaba Chamber of Commerce at the reorganization meeting of the board of directors held yesterday. He succeeds John J. Bartella.

Other officers elected are: First vice president, Carl Nelson; second vice president, Denis McGinn; treasurer, William Warmington. George W. Brown was appointed national councillor to succeed the late George N. Harder.

Members of the board of directors are George Lindenthal, E. A. Wenner, Juel Lee, Fred J. Earle, Denis McGinn, B. W. Hall, Gust Asp, William Warmington, Carl Nelson and John Boyle.

A report was made on the progress of the Escanaba Chamber of Commerce industrial expansion campaign. It was announced that the C. of C. had assisted two former servicemen, John Kosow and Leslie Plimpton, in the establishment of a battery manufacturing plant in North Escanaba. Other industrial deals are pending.

A proposal to organize a Newcomers club to extend hospitality to new residents of Escanaba was discussed at the meeting and will be taken up again at a later meeting.

## Kipling

### P. T. A. Meeting

Kipling, Mich.—A large number of parents attended the regular P. T. A. meeting held at the Kipling School dining room Monday evening.

Plans for starting the school lunch program by Nov. 1 were discussed. Interested persons residing in the township are invited to send their sealed bids in for the school lunch cook. Bids are to be mailed to Mrs. Dorothy Wixom, principal of the Kipling school before Wednesday Oct. 23.

Plans were also made for a public party which will be held on Wednesday evening at 8 p. m. in the Township Hall. Games will be played and prizes awarded the winners. Serving on the lunch committee are Mrs. Conan Fisher, chairman, Mrs. Anna Arvey and Mrs. Zola Beauchamp.

The games will be in charge of Mrs. Flora Larson chairman, Mrs. Dorothy Wixom, Wallace Wolf and Walter VandeWeghe.

A short business meeting of the P. T. A. officers and the teachers will be held in the school dining room at 7:30 to conduct some unfinished business.

Parents present from Brampton were: Mr. and Mrs. Z. Arvey, Mrs.

N. Hutte and Mrs. Paul Beauchamp, Mrs. Wixom and Mrs. Fisher were from Gladstone.

## 4-H Achievement

Several families from Kipling attended the fall Achievement Day program at the Gladstone high school Friday evening. Certificates, pins and U. P. Fair premiums were awarded to various 4-H club members meriting such awards.

Plans for organizing the fall projects will soon be under way. Mrs. Dorothy Wixom will serve as leader for the girls. Mrs. Eleanor Brock and Mrs. Edith Johnson will assist her. To date no one has volunteered to conduct the handicraft projects.

Mrs. Joseph LeMere of Brampton left for Washington Monday evening where she will visit her daughter.

## Catechism Classes Started

Sisters from the All Saints Catholic school in Gladstone have started their series of Catechism instructions at the Kipling school. These instructions are given every Monday evening after school.

### STATE OFFICE OF C-D CLOSED

Governor Asks Retention  
Of Local Units Till  
End Of War

Mayor Fred J. Schram has received a letter from Governor Harry F. Kelly announcing the closing of the state office of Civilian Defense but requesting local appointments be retained until the official ending of the war.

Governor Kelly's letter to Mayor Schram follows: "Upon recommendation of Captain Donald S. Leonard, Director, I have authorized the closing of the State Office of Civilian Defense as of October 1st. This decision has been based on Captain Leonard's report to me that the State Office has now completed its liquidation activities and has no current assignments.

"The closing of this office, however, does not dissolve Civilian Defense Law, County and Local Defense Councils remain in existence until the war has been officially declared at an end by Congress. This means therefore, that all members of your council retain your appointments until that time.

"Because of the exceptionally outstanding record of Civilian Defense during both the war and the post war period, it is greatly to the

state's best interests to have this organization in a standby position ready for call to service, if, and when, an emergency arises. In these troubled times, none can doubt that an emergency may occur at any moment.

"With the closing of the State Office, the continuance of Civilian Defense as a legal entity will entail no expense to the public, but will nevertheless afford a great measure of protection and reassurance in that the State can instantly summon back into action the facilities that were used with such good effect in meeting the home front problem of the war and in post war emergencies. At my solicitation, Captain Leonard will continue as State Director, without compensation.

"I want to express the deep appreciation of the State and myself for the services of your Council, and I trust that all you will consent to my request to retain your appointments until the organization is legally dissolved by the official declaration that the war is ended."

## SCOUTS TO SEE MOVIES

Joint Meeting Will Be Held At High School Tonight

Munising—A joint meeting of all Boy Scout troops of Munising will be held at the Mather High School club rooms Thursday evening at 7:00 o'clock, it was announced yesterday. Harry Siemer, Scout executive of Marquette, will be present to show moving pictures on scouting.

All boys 12 years old or over interested in joining the Boy Scouts of America are invited to this meeting. All scouts and former scouts of the city are urged to be present and an award will be made to the troop having the highest number in attendance, scout officials said.

The Rotary scout troop, led by William DeBruyn and Dr. G. B. Wickstrom will also hold a short meeting after the movie.

## Drive To Employ The Handicapped Success In Alger

Munising—Results of the "Employ the National Handicap Week," recently proclaimed by President Truman, reveals that out of a total of 14 handicapped persons referred to jobs in Alger County, 11 were placed in full time work, Walter C. Meyland, local UNES manager reported yesterday. All referral returns have not been made, he said.

The Alger County placement record for the disabled is higher than anticipated and should reach a new peak through referrals to the Veterans Administration and through the Michigan Department of Vocational Rehabilitation, Mr. Meyland added.

## Lady Foresters Enjoy Costume Halloween Party

Munising—Mrs. Felix Boyak took the award for the most fancy dress costume at the costume Halloween party held Tuesday evening in the Knights' of Columbus hall, by the Women's Catholic Order of Foresters for members and guests. Mrs. Boyak, wearing a creation of pink silk, portrayed an old fashioned lady.

Other costume awards were for the most original costume—Mrs. William Kinnunen, dressed as a witch; and the most unique costume—Mrs. Ernest Johnson, who appeared as a ghost.

Mrs. Ella Loughray was given first honors for "500". Game awards were presented to Mrs. Ernest Johnson and Mrs. Arthur Gamelin, Sr.

Entertainment was in charge of Mrs. Edna Rumsat, 209 W. Superior Street.

A potluck lunch was served at the close of the evening's program.

## Knights of Columbus Enjoy Game Supper

Munising—The Munising council, Knights of Columbus enjoyed a Columbus Day game supper Saturday evening at the club hall with 80 members and their ladies in attendance. K. of C. members had sponsored a hunt the previous Sunday but due to their "luck" chicken was substituted in lieu of the wild birds planned for the menu.

After the dinner, which was prepared by a committee under the supervision of Mrs. Ed Corribeau and served by girls of the C. Y. O. a program of speaking, musical numbers and cards was enjoyed.

Included on the program was a talk on Columbus by Father Gerald Harrington, new priest at Sacred Heart church; two trombone solos: "Memories" and "My Buddy," by Jack Raymond, accompanied on the piano by Miss Susan Spencer and group singing with Miss Spencer as accompanist.

Cards were played following the program. Jack Rousseau was chairman of the committee sponsoring the Columbus Day celebration.

## 4-H Leader-Training Meeting For Alger County Held Monday

Walter Reickhoff Recently Married In New York City

Of interest here is the marriage of Miss Ruth Binder, daughter of Mr. and Mrs. Paul Binder of New York City, and Walter Reickhoff, son of Mr. and Mrs. Emory Reickhoff of Manistique, which took place on Saturday, September 28, in a ceremony which was performed by the Rev. Henry A. Weier of St. Paul's Evangelical church, in New York.

The bride wore a white marquisette gown trimmed with seed pearls and a fingertip veil and carried a colonial bouquet. The maid of honor, Elizabeth Bremmer, wore a sky blue broadened gown and carried a pink colonial bouquet. The bridesmaid, Ruth Spengler, cousin of the bride, flew from Canada to attend the wedding. She wore a shell pink brocade and carried a blue colonial bouquet.

Best man was Elroy Flaherty. Richard Bremmer served as usher.

Audrey Wenzel was soloist, accompanied by Fred Hummel, organist. The church was decorated with garlands of large yellow chrysanthemums and red oak leaves. Decorations were by Mrs. Albertine Upham.

A reception followed at the D. A. Beach Club. The couple spent their honeymoon at Peekskill, N. Y. They will reside at Seward avenue in Detroit.

Mrs. Emory Reickhoff and daughter, Helen, of Manistique, attended the wedding.

## Many Attend Elks Mixed Bowling

Mixed bowling at the Elks club Saturday evening was a big success according to the sponsors. A large number of couples participated in the following couples leading the scoring:

Mrs. Bud Malloy and Don McPhail, first prize; Mrs. Beulah McPhail and Carl Carlson, second prize; Mrs. Helen Beulow and George Schweickert, third prize.

Plans for the holding of several more of these functions will be announced in the near future.

## Carl Markley To Be Buried At Trenary

Word was received in Manistique late Tuesday of the death in California of Carl Markley, a former resident of Manistique. The Markleys lived here about three years ago when Mr. Markley was employed in an official capacity with CCC camp operations here.

Funeral services and burial will be in Trenary next Monday afternoon.

## COUNTY OFFICE PAY INCREASED

County Dads Also Ask Increased Funds For Highways

Increases allowed for the conduct of county business were among the outstandings matters acted upon at the fall meeting of the Schoolcraft county board of supervisors Monday and Tuesday.

Increases in salaries and incidental pay allowed by the board are as follows: Sheriff's department, \$150 increase per year; 25 cents increase allowed for board of prisoners; county clerk, \$300 increase per year; county treasurer, \$300 raise; deputy, \$300; prosecuting attorney, \$260; clerk, \$150; school commissioner, \$300 increase; mileage changed from \$150 to 5c per mile; social welfare, from present \$5 to \$6 per day; county agricultural agent, \$240 increase; register of probate, \$300 increase; janitor, \$120 increase; circuit judge, \$100 increase.

Harold McNamara was elected road commissioner, defeating Fred Peterson by a vote of 7 to 6.

Roy Roberts, Dan J. Harrington and C. L. Smith were elected to the board of county canvassers.

The board ordered the removal of the old hangar at the county airport and ordered that the wind sock be set up above the new hangar.

A resolution was passed asking the legislature to appropriate funds for the highway department equivalent to a tax of 2 cents per gallon on gasoline. The resolution stated that funds for this department have been fixed by using the Horton funds for the year 1941 as a basis and that has meant a loss of \$40,000.00 for highway purposes. Because of greatly increased cost of operation, highway departments have been seriously handicapped through inadequate funds, the resolution explained, and the means suggested be used to relieve the situation.

### Redskins Are Defensive Leaders; Cards Close Behind In Figures

New York, Oct. 16 (AP)—A look at the statistics indicated clearly today why the Chicago Bears and Washington Redskins are out in front in the two divisions of the National Football League.

The Bears are leading the professional circuit in total offense with an average of 367 1-3 yards per game by both rushing and passing.

The Redskins, on the other hand, are the defensive leaders, having held opponents to an average of 292 yards per game. Each team has played three games. The Chicago Cardinals, who have played four games, are close behind the leaders in both departments.

The Cards have held their foes to an average of 203 3-4 yards per game while stacking up a combined offensive average of 318 1-2, which places them third. Their record of holding opponents to an average of 1.9 yards per play on 131 rushing plays is tops.

The Pittsburgh Steelers, who are second in total offense with an average of 354 yards per game, lead the league in pass defense, having held opponents to 26 completions in 66 attempts for a percentage of .394.

The Los Angeles Rams top the circuit in average ground gains with an average of 5.3 yards for 105 running plays.

The Philadelphia Eagles have averaged 195 2-3 yards per game by passing to lead that department and also have the highest completion average—42 out of 68 for a percentage of .617.

### Robinson's Fight Postponed Again; New Yorker Is Ill

Detroit, Oct. 15 (AP)—A scheduled 10-round fight between Ray "Sugar" Robinson of New York and Cecil Hudson of Milwaukee was postponed for the second time today when the New Yorker reported he was ill.

Spokesmen for the Michigan Athletic Board of Control said Robinson's New York physician notified the board by telegram that the fighter had a 102-degree temperature and a chest condition that would keep him out of the ring for at least two weeks.

The bout originally was scheduled for Oct. 11 and was postponed until Oct. 18 when Robinson first reported illness. No date was set for the match, but fight officials said it would be held as soon as possible.

### Rain Delays Speed Run Of Ab Jenkins

Salt Lake City, Oct. 16 (AP)—Ab Jenkins, noted 63-year-old speed driver, today postponed until at least next week a new assault on long distance records at the Bonneville salt flats 120 miles west of here.

Jenkins had planned to begin a new speed run at dawn Friday, but today rain swept the saline desert in western Utah and once more softened the surface of the 10-mile circular track.

Virginia had the first glass freeze in America.

### Joe Louis Loses Contest In Court

Chicago, Oct. 16 (AP)—Champion Joe Louis lost a bout today—in the legal, not in the boxing, ring.

He agreed to pay his ex-wife's former attorney, Bindley E. Cyrus, \$2,000 for legal services on a divorce action which ended in a reconciliation in July of 1941.

After the agreement was announced, Louis grabbed Cyrus' hand, lifted it high and announced: "The winner!"

The settlement was reached after a conference in chambers of Circuit Judge Harry M. Fisher on Cyrus' \$10,000 suit against Louis. Cyrus said he believed he deserved \$12,500 for his services but after reconciliation he agreed to take \$10,000.

Cyrus said Mrs. Marva Trotter Louis, who later divorced the champion in another suit, had paid him \$2,500 but that Louis had reneged on a promise to pay the remainder. Louis denied making any such promise.

### Deer, Elk And Bear End Meat Shortage Of Denver Engineer

Denver, Colo., Oct. 16 (AP)—Elwood Neff wasn't much interested in President Truman's speech ending price controls on meat.

The 44-year-old reclamation engineer shot a deer. While he was dressing it, he saw an elk and felled it at 400 yards. While skinning the elk a spectator behind made a strange noise. Turning around, Neff faced a bear. A well-placed shot put away the kiltz-bruin.

Total meat supply at the Neff household: 625 pounds.

## Colorful Gonzales Released By Cards To Manage Havana

St. Louis, Oct. 16 (AP)—The familiar voice of their long-time third base coach will be missing when the St. Louis Cardinals take the field next year.

Cardinal Owner Sam Breadon announced that Mike Gonzales, Cuban-born coach of the Redbirds since 1934, had been given his unconditional release today.

The colorful Gonzales, originator of the famous saying, "Good field, no hit," asked Breadon and Manager Eddie Dyer that he be made a free agent so that he could continue to manage the Havana Reds of the Winter Cuban League. He will leave tonight for Havana.

Gonzales' action resulted from a ruling by Commissioner A. B. (Happy) Chandler that all persons connected with the Cuban league henceforth will be ineligible for participation in organized baseball in the United States.

Gonzales felt he could not give up his lucrative position as owner-manager of the Havana club. Both Breadon and Dyer expressed regret that the veteran coach, who began his playing career in the states in 1912, chose to quit the Cardinals. Breadon told Gonzales he hoped he would return to the club "if and when the situation permits."

### Boxing Center Is Open Again Tonight

The second boxing training session of the week will be held tonight at 7:30 o'clock at the fairgrounds exhibition building. Any persons interested in training out at the center are invited.

The center is operated by the city recreation department and is conducted by Jerome Deloria. A full size training ring has been erected, as well as heavy and light training bags. Skip ropes and other facilities also are available.

A full program of intercity boxing matches will be scheduled this fall for boys 16 years old and older who desire to participate in this program.

### D-E Schools Plan Meeting To Form Basketball Loop

The Class D and E schools of the Rapid River district will discuss the formation of a D-E basketball league at a meeting to be held Monday evening, Oct. 21, at Rapid River. The possibility of organizing six-man football also will be discussed at the meeting.

Schools invited are Nahma, Carney, Harris, Cooks, Trenary, Perkins, Eben, Hermansville, Daggett, Powers, Garden, Rock and Rapid River.

### Tennis Coach Weir Goes To Carroll

Ann Arbor, Mich., Oct. 16 (AP)—The University of Michigan athletic department today revealed that Tennis Coach LeRoy Weir has accepted a post as dean of men and professor of history at Carroll College in Waukesha, Wis.

Weir came here as coach in 1937 and his teams of 1941, 1944 and 1945 were Western Conference champions. He formerly held national ratings as both a tennis and squash player.

W. Robert Dixon, a faculty member in the school of education, has been appointed to succeed him.

## The Sports Parade

By Ken Gunderman

Ironwood is the first Upper Peninsula city to formally announce plans for a sub-regional Golden Gloves boxing tournament this winter, but other cities also have virtually completed tentative plans. The Ironwood tournament will be sponsored jointly by the Norrie Amateur Sports club and the Ironwood Globe, Sault Ste. Marie probably will announce its plans shortly for a sub-regional tournament to be sponsored there by the Disabled American Veterans and the Soo Evening News.

Ditto for Marquette, where sponsorship is by the Marquette Lions club, the Amvets and the Marquette Mining Journal.

Arrangements also are virtually completed for a similar tournament in the Copper County to be held at Houghton and sponsored by the Houghton Lions Club and the Houghton Mining Gazette. Preliminary negotiations have been made at Iron Mountain for a sub-regional Golden Gloves tournament under the sponsorship of the East Side Athletic association and the Iron Mountain News. The elimination tournament for the Escanaba district will be held at Manistique, sponsored by the Manistique Lions club and the Escanaba Daily Press. Only territory in the Upper Peninsula not specifically covered by a sub-regional tournament is Menominee county and any fighters in that area will have a choice of competing at Iron Mountain or Manistique.

The qualifiers at each of the sub-regional tournaments will come to Escanaba late in January for the Upper Peninsula Golden Gloves championships, which will be bigger and better this year than ever before. Last year there were approximately 300 boxers competing in the U. P. Golden Gloves shows. This year there will be upwards of 150 and the cream of the crop will battle it out at Escanaba for the coveted championships, for the best collection of prizes ever offered and for all-expense trips to Milwaukee to compete in the Milwaukee

## Petitions Pushed To Oust Bachman As Coach At MSC

East Lansing, Mich., Oct. 16 (AP)—Reliable sources disclosed tonight that petitions seeking the removal of Head Football Coach Charles Bachman are in circulation among students at Michigan State College.

Dr. John A. Hannah, college president, commented, "any such petitions brought to my attention during football season will receive no consideration."

State, which started its season with a win over Wayne University, dropped its last two games to Boston College and Mississippi State and is to clash with Penn State Saturday.

The petitions stated, "We the undersigned feel the football situation requires the resignation of Charles Bachman" and a usually reliable source said "quite a number had been signed."

Bachman declared, "we were beaten last week (Mississippi State) by a good team with more experience. I repeat my early season statement that we have the best material this year at MSC that I've ever had. This outfit is going to click and the time isn't far off either. When it does, watch it go."

The Michigan State news, College Daily, in a recent front page editorial "is there a reason?" discussed the MSC football situation at length.

Bill Puckelwartz will be in charge. Those desiring further information regarding play may call telephone 935-J.

### Baldwin Of UCLA Lineman Of Week

New York, Oct. 16 (AP)—Burr Baldwin, UCLA end who scored the touchdown that sent the Bruins into the 1943 Rose Bowl game and then interrupted his gridiron career to serve more than three years in the army, is football's "Lineman of the Week."

His performance last Saturday in snagging half a dozen of Ernie Case's passes for 115 yards and handling the ball on two laterals, one of which resulted in a touchdown, in UCLA's 26-6 triumph over Stanford brought him top honors in the weekly poll of the Associated Press to select the outstanding lineman of the country.

A trio of guards, Plato Andros of Oklahoma, Steve Suhey of Penn State and Knox Ramsey of William and Mary, also received considerable praise for their work last week.

Other outstanding linemen of the past week included: Ends—Elmer Madar, Michigan; Abe Addams, Indiana; Hank Foldberg, Army.

Guards—George Krueger, Michigan; Hank Hachten, Stanford; Joe Steffy, Army.

Centers—Alex Sarkis, Northwestern.

## Frick Wants Nats To Put Top Talent In All-Star Game

BY GAYLE TALBOT

New York, Oct. 16 (AP)—President Ford Frick of the National league, who suffers intensely, has been demanding that his club owners either try to win the annual All-Star game or drop it, and the St. Louis Cardinals' victory in the World Series supplies him with some welcome added ammunition.

The Cards, by beating the Boston Red Sox in four out of seven, dispelled any notion that the American league was in a lofty class by itself but their demonstration of class came too late to do the senior circuit any good this season.

In other words, the fearful beating administered to the National leaguers in the All-Star game at Boston badly damaged the league's prestige, in Frick's opinion, and probably cost it many a dollar at the box office the remainder of the year. That it was an unfair test of strength was amply demonstrated by the Cards in the past 10 days.

"Let's either play the All-Star game to win, or drop it entirely," Frick urged Owner Sam Breadon of the St. Louis Cardinals after watching the Red Birds take the clincher, 4 to 3, yesterday. "All it does is hurt us."

"Here your club, which had to go through a play-off to win in our league, outplaying a team that ran away and hid from the rest of the American league. Yet ever since mid-season they've been talking like we didn't belong in the same class with them. I'm tired of taking it."

Although he didn't tell the Cards owner so in as many words, it was obvious that Frick regarded Breadon as the chief contributor to his misery. No Harry Brecheen, who scored three triumphs over the Red Sox, or Howie Pollet, the league's leading pitcher at the time, participated in the early July debacle at Boston. The National leaguers employed several throwers named Joe in the lamented contest, and they were murdered.

All this Frick pointed out to Breadon in anguish, and asked him for the love of the league to lend a helping hand in the next All-Star tussle, but Sam remained unmoved.

"Nope, Ford, the World Series is the big thing," he demurred, "that's the one we want to win. The close races we have in our league, we can't afford to take a chance and let one of our good pitchers work in the All-Star

when it might cost us a game.

"The American league now, has these loose races and they can throw all their top pitchers against us in the All-Star. Let 'em have their fun. I'd rather win the Series every time."

**RETURN FROM MEETING**

**Iron Mountain**—Rather than "restrictive legislation" which would deprive the large or small land-owners of any essential rights or privileges they now enjoy, I am more than ever convinced, after attending the American Forest Congress in Washington, that the Hook Forestry bill proposes an enabling legislation which would permit the small land-owner to effectively compete with the "big fellow" by granting to him the expert services of the federal government in the protection and preservation of his holdings.

**Bitter Root Checks Forged By Employee**

Hamilton, Mont. (AP)—Officials of the Bitter Root Cressington company let their check protecting machine set at \$101.31. A transient employee found it this way, forged the bookkeeper's name to seven checks for that amount, cashed them at local bars and fled with the \$709.17.

## Boy Scouts Plan Court Of Honor Ceremony Tonight

The Boy Scout Court of Honor for the Scouts of Escanaba and surrounding area will be held tonight at the Bonifas auditorium, beginning at 8:00 p. m., with the public cordially invited.

The court of honor is sponsored by the Escanaba Rotary, Kiwanis, and Lions Clubs. Representing the Rotary Club will be Carl Nelson and Harry Brackett; the Kiwanis Club, Rev. James Ward and Dr. K. F. Harrington; and the Lions club, Clifford Vainas and James Frenn. The chairman of the court will be John Lemmer, chairman of Scout advancement for Escanaba.

Invocation for the ceremony will be pronounced by Rev. Fr. Alphonse of St. Joseph's parish, with benediction by Rev. James Bell of the Presbyterian church.

The Scout Troop of Rock will take part in the flag ceremony at the opening and closing of the program. Eagle Scout James Moran of troop 453, will act as the herald for the candidates receiving their awards.

All ranks in Scouting will be recognized at this court of honor.

## Army Offers Nylons To Girl Recruiters

## Phalen On Woodmar "City Council" At Houghton School

Houghton-Clinton Phalen of Nahma is one of three new members of the "city council" of Woodmar, veterans' village at Michigan College of Mining and Technology. His colleagues are Charles Eberhardt of Whitmore Lake and John Toppi of Mt. Clemens.

Phalen is a third-year student of mechanical engineering.

The new "mayor" is Paul Russell of Wausau, Wis. John Neu of Manistique was re-elected treasurer.

Woodmar has its own newspaper, fire department, and police department. Members of the latter have been deputized by the Houghton County Sheriff's department.

## Bow And Arrow Hunter Is Fined

Menominee—Phil Labre, 43 of Spalding, who purchased the first bow and arrow deer hunting license in Hermansville this year, and Phil Alquist 19, of Quinnesec, this week paid fines of \$50 each and costs when they pleaded guilty before Justice William LeBoeuf to killing a doe with lights.

The pair was arrested by Conservation Officers John Bugni and John Arduin of Hermansville, about two miles north of Spalding. Alquist had shot a doe with a 12-gauge shotgun loaded with buckshot. Labre was hunting with his bow and arrow.

The licenses of both hunters were revoked for three years and Alquist's gun was confiscated.
